

P9 - Session Recording - K2336620-CI6315

[00:00:00] **Moderator:** Hello, this is participant number nine for the usability testing study of Wix. Hello, can you hear me?

[00:00:11] **Participant 9:** Hello? Yes.

[00:00:12] **Moderator:** Ah, okay, perfect. Uh, so thank you for agreeing to take part in this and help me out. Uh, so this is the booklet that we'll be working on.

[00:00:27] **Moderator:** Start with page two, which is the consent form. Have a read through this and if you've got any questions, lemme know.

[00:00:35] **Participant 9:** Alright.[00:01:00]

[00:01:34] **Moderator:** Okay, perfect. And now just under you, the under participant print. You can write your name if you consent to everything about.

[00:01:50] **Moderator:** Okay, perfect. And over here you can sign.[00:02:00]

[00:02:03] **Moderator:** Perfect. Yeah, that'll do. Thank you. Okay, well thank you for agreeing to this. Have you got any questions? Oh,

[00:02:13] **Participant 9:** is everything clear? Yeah, everything

[00:02:16] **Moderator:** okay. And you'll be assigned participant number.

[00:02:25] **Moderator:** Should be reflected as well here. Okay. Uh, so this is the participant profile questionnaire that we need to do before, um, we do the tasks. So if you could just do sections from B one to B four.

[00:02:42] **Participant 9:** Okay.[00:03:00]

[00:03:17] **Moderator:** Uh, by the way, on. Question three. Occupational study area, process assistant is a little unclear. If you could just make it, yeah, if you could just add some more details to that.

[00:03:30] **Participant 9:** What do you mean? Okay.

[00:03:37] **Participant 9:** Is that better? Yeah,

[00:03:38] **Moderator:** that was it.

[00:03:41] **Participant 9:** Um.[00:04:00]

[00:04:15] **Participant 9:** Uh, a long time ago. And I say more than nine years.

[00:04:22] **Moderator:** Oh, okay. You can write that.

[00:04:25] **Participant 9:** Wait. Yeah. Given how long? Um,

[00:04:39] **Participant 9:** probably eight.

[00:04:47] **Participant 9:** Because I'm not completely sure.

[00:04:50] **Moderator:** Okay, that's fine.[00:05:00]

[00:05:08] **Participant 9:** What do you see?

[00:05:09] **Moderator:** Uh, so this is Windows 11, from what I can see.

[00:05:12] **Participant 9:** Mm-hmm.

[00:05:16] **Moderator:** And this is the brand model of your laptop?

[00:05:21] **Participant 9:** I do. Okay. Yeah, I don't remember the model.

[00:05:25] **Moderator:** Uh, yeah, that's fine. We can look it up here.

[00:05:30] **Participant 9:** Okay.

[00:05:32] **Moderator:** Yeah, there it is.

[00:05:45] **Moderator:** Yeah. And the last question here.

[00:05:56] **Moderator:** Okay, perfect. Thank you very much for that.

[00:06:00] Uh, so. Now at the main thing, this is the task, task instruction sheet. This is where you spend most of your time. Um, the instructions in C one apply to all of the tasks from C one to C five. Um, so try to attempt each task without

help, uh, unless you get completely stuck, in which case it's completely fine to ask for help.

[00:06:24] **Moderator:** Of course. Mm-hmm. Also, you are encouraged to talk aloud while performing the tasks. So try to communicate any assumptions, expectations, thoughts, and feelings that you might have while doing the tasks. Um, there's no time, time limit, but if you wanna move on, uh, you can speak up and let me know. Uh, that's, that's fine.

[00:06:49] **Moderator:** Uh, and do not stress if you cannot figure something out. 'cause after all, we are not testing you. We're testing the, uh, system and how user friendly it is. So, yeah. Uh, if [00:07:00] that's okay, and if you got, if, if you've got any questions on

[00:07:05] **Participant 9:** that, it's all, yeah.

[00:07:06] **Moderator:** Okay. Then we can start with task one. So you have considered and decided to start a simple blog for your website where you tell the stories of your profession or studies, or it might be a hobby or anything of interest to you.

[00:07:21] **Moderator:** So what you need to do is access w create an account, and begin crafting your first manually created. So that's non-AI generated website. Uh, on the topic you chose by making a homepage with a title, and ahead with a menu for navigation. For the template from the templates, you're only allowed to use the one in blank templates start from scratch.

[00:07:46] **Moderator:** So yeah. Uh, the first thing we need to do is just access Wix, create an account, and yeah. And go from there.

[00:07:56] **Participant 9:** Alright. [00:08:00] Can I try and access it with my Google account?

[00:08:03] **Moderator:** Yeah, that's fine. You can use Google.

[00:08:18] **Participant 9:** Work.

[00:08:24] **Participant 9:** Yeah,

[00:08:24] **Moderator:** let's, let's try and refresh the page. 'cause it might be Yeah. A long overdue session. Yeah.

[00:08:42] **Participant 9:** I don't think it wants me to,

[00:08:47] **Moderator:** I think it might be this extension that you've got here that's interfering with it.

[00:08:54] **Participant 9:** Like nobody has another browser, but it's probably not gonna remember my, [00:09:00] uh, account duty.

[00:09:05] **Moderator:** A bit too many privacy extensions. Mm-hmm. So I'm trying to switch them off 'cause they might be blocking this.

[00:09:19] **Moderator:** Yeah, there we go. It was the extensions that were okay getting in the way. Okay. Uh, yeah.

[00:09:32] **Moderator:** So as per the track, uh, the task instruction sheet, we're not using ai No.

[00:09:40] **Moderator:** And the task is to create a Yeah.

[00:09:44] **Participant 9:** Go. Okay. If it's just go, yeah. Yeah.

[00:09:54] **Participant 9:** It's definitely changed from the last time I remember using it [00:10:00]

[00:10:00] **Moderator:** long time ago. Was it? Mm-hmm.

[00:10:06] **Participant 9:** And

[00:10:06] **Moderator:** now just, I dunno, come up with a

[00:10:11] **Participant 9:** Yeah, I've decided it's gonna be a Paris Travel book.

[00:10:18] **Participant 9:** Okay. Perfect.

[00:10:26] **Participant 9:** Promote myself, share knowledge.

[00:10:35] **Participant 9:** Um, I'm just gonna skip No,

[00:10:37] **Moderator:** no, no, no. Uh, let's first continue 'cause otherwise Yeah, you, you need the blog.

[00:10:42] **Participant 9:** Okay.

[00:10:44] **Moderator:** We just select it here.[00:11:00]

[00:11:01] **Participant 9:** Portfolio seems like

[00:11:08] **Moderator:** who just need it for a blog? So maybe the blog is enough.

[00:11:14] **Participant 9:** Okay. You mean this one?

[00:11:40] **Moderator:** Uh, so yeah, this is for paid domain, so it's gonna ask you for, uh, payment the next step. So let's skip this. Just ignore this for now.

[00:11:56] **Moderator:** So as per the task instruction sheet, we need to
[00:12:00] create, because you've created a website. Mm-hmm. Uh, we need to create a homepage with a title. Uh, this is gonna be the, you know, the name of our website and a menu for navigation

[00:12:13] **Participant 9:** homepage with the title and.

[00:12:55] **Participant 9:** I don't see the template.

[00:12:57] **Moderator:** Sorry,

[00:12:59] **Participant 9:** I don't [00:13:00] see the template.

[00:13:07] **Participant 9:** That's the blue, but it's blank. It should be fine.

[00:13:25] **Moderator:** So we need a homepage with the title and a menu for navigation.

[00:13:31] **Participant 9:** Yeah, it, this should be My Home Homepage.

[00:13:35] **Moderator:** Have you got, uh, any indication of that on the screen?

[00:13:39] **Participant 9:** Um, good.

[00:13:48] **Moderator:** How do we know we are looking at the homepage at the moment.[00:14:00] [00:15:00]

[00:15:08] **Participant 9:** Okay.

[00:15:14] **Participant 9:** Okay. Okay,

[00:15:28] **Participant 9:** so we'll go and picking the. Mentioned in the instructions blank template. Start from scratch. Yeah. Hopefully I'll see Anele uh, an option for home page here.

[00:15:51] **Moderator:** Uh, yeah, you can close this 'cause this is for ai.

[00:15:55] **Participant 9:** Okay. Okay. Even from scratch it wants me to put.

[00:16:00] Okay. Page is in home. Okay, I see home.

[00:16:07] **Moderator:** Yeah. You're on the homepage. No, no. Leave it as it is. Uh, it's just home.

[00:16:15] **Participant 9:** Okay. Yeah. We know it home this time,

[00:16:22] **Moderator:** so that we need to add like a title maybe in the upper left corner. If you want to do that, uh, a little menu.[00:17:00]

[00:17:04] **Participant 9:** Okay, so this is

[00:17:15] **Participant 9:** it okay if I attach it to header? Allowed to,

[00:17:18] **Moderator:** yeah. Yeah. It should be in the header. It.

[00:17:24] **Moderator:** On the menu

[00:17:28] **Participant 9:** menu.

[00:17:49] **Participant 9:** Mm.

[00:17:55] **Participant 9:** Okay.

[00:17:57] **Moderator:** And this should be also in the header [00:18:00] as per the instruction.

[00:18:07] **Participant 9:** So this, you mean this should be in the header?

[00:18:09] **Moderator:** Yeah.

[00:18:13] **Participant 9:** It wouldn't work if it was vertical. Okay, so we have the homepage with just title, the header and the mail for navigation.

[00:18:24] **Moderator:** Okay. Uh, just one second though, because, uh, do you think these guides do anything and that there might be a reason that they're there?

[00:18:37] **Participant 9:** Uh, yeah. I think it's probably, this is the part where the main page is, and this is.

[00:18:48] **Participant 9:** Oh, you mean they should be okay?

[00:18:51] **Moderator:** Yeah, because otherwise when you resize the window,

[00:18:56] **Participant 9:** yeah, you're gonna cut,

[00:18:57] **Moderator:** cut off, [00:19:00]

[00:19:00] **Participant 9:** and if it, it's on phone.

[00:19:04] **Moderator:** Okay. Perfect. All right. Okay, we can move on to task two now. Right, which is about me. So you want to introduce your visitors to yourself so they know whose publications they're seeing. So your task is to add a simple about me page using the blank template again. And, uh, you can add a sample image.

[00:19:30] **Moderator:** This should be a stock image for of a person online, uh, and some text about you. Uh, that can be generated with charge GPT. So yeah, we need to create an About me page.

[00:19:50] **Participant 9:** Add me page.

[00:19:52] **Moderator:** It has to be blank. Yeah,

[00:19:55] **Participant 9:** you.[00:20:00]

[00:20:09] **Participant 9:** So, uh, we have some already prepared some about me. Yeah.

[00:20:58] **Moderator:** I am a passionate traveler. [00:21:00] Yeah, that works. That's fine. You don't need to edit the text anymore. That's fine. Just leave it as it is.

[00:21:06] **Participant 9:** Okay. Um, so what was it about new in an image?

[00:21:14] **Moderator:** Uh, you can just google a portrait,

[00:21:19] **Participant 9:** so I have to, let's let,

[00:21:21] **Moderator:** let's, let's obtain the image first so that you have it ready. Uh,

[00:21:28] **Participant 9:** can I see this person image,

[00:21:31] **Moderator:** just portrait.

[00:21:35] **Moderator:** Would work,

[00:21:38] **Participant 9:** um,

[00:21:54] **Moderator:** just beginning. Okay. That.[00:22:00]

[00:22:05] **Participant 9:** Let's go to,

[00:22:11] **Participant 9:** lemme see. So

[00:22:13] **Moderator:** you've copied it.

[00:22:15] **Participant 9:** Okay. There is a image. Image. Mm-hmm. Well, okay. I am just gonna see everything. It's gonna be easier. So hopefully I remember when I see it, but it know

[00:22:40] **Participant 9:** what is, is it gonna work with this format?

[00:22:45] **Moderator:** You'll try out,

[00:22:48] **Participant 9:** let's see, different format, work with this work, let's.

[00:22:58] **Participant 9:** Maybe it's gonna work. [00:23:00] Okay. It did work.

[00:23:09] **Participant 9:** Okay. Now it's alliance.

[00:23:13] **Moderator:** Yeah. Though the text is kind of hard to read 'cause it's a bit too many lights. Uh, Alliance, can you make it a little wider? Yeah. Yeah.

[00:23:24] **Moderator:** You can even put the photo a bit more to the right. So, okay, perfect. So this is all we needed to do for task two.

[00:23:34] **Participant 9:** Okay.

[00:23:38] **Moderator:** Um, and task three, um, you have now set up most of the basic functionality for your website, and you're ready to make the main thing, the block where you can write your articles. So what you need to do is you need to set up the blog page that is going to list all of the articles you write, uh, change the layout and the colors to your liking of both the articles

[00:24:00] list page and the individual article page.

[00:24:22] **Moderator:** Sorry.

[00:24:23] **Participant 9:** Okay. I I couldn't hear you.

[00:24:25] **Moderator:** Yeah. Um, well, I basically read the, the task, which I assume you've read as well, so, yeah.

[00:24:33] **Participant 9:** Okay. Yeah. Uh,

[00:24:39] **Participant 9:** right there may be, should I read it?[00:25:00]

[00:25:32] **Participant 9:** Hopefully it's this same block pitch.

[00:25:36] **Moderator:** Okay. So yeah, there is a, a little catches with this task. So the block has, uh, since you selected at the beginning, um, to make a blog, the block pitch has been already generated for you. Um, so what you need to do here. Is basically customize what you, what you already have and what you already see.

[00:25:59] **Moderator:** Uh, [00:26:00] so change the layout of, uh, of this to your liking and maybe change the background of, uh, of the posts.

[00:26:07] **Participant 9:** Not consider ai.

[00:26:12] **Moderator:** Sorry.

[00:26:13] **Participant 9:** So this is not part of the ai, it's just,

[00:26:20] **Participant 9:** it's useful to.

[00:26:27] **Moderator:** So, yeah, we need to change the layouts a little bit.

[00:26:44] **Participant 9:** Okay. This kind of goes with the green,

[00:26:48] **Moderator:** this changes the color. Uh, yeah, the background of the. Section, but we need to customize the blog instead. So[00:27:00]

[00:27:02] **Moderator:** yeah, let's remove that section though. We don't need it. Oh wait, we need to customize the, the, the thing itself basically. No need to add anything else.

[00:27:46] **Moderator:** No, this is, uh, this is page settings. Not, we are not looking to change the settings of the page, but of the blog itself.

[00:27:57] **Participant 9:** Section, [00:28:00] section.

[00:28:03] **Moderator:** No, this is for flooding a section. We need to change the blog itself.

[00:28:12] **Participant 9:** Okay. I'm having trouble finding it.

[00:28:20] **Participant 9:** It's not letting me click on this and edit it that way, which I assume would be best. It's not letting

[00:28:26] **Moderator:** you, because you've opened a different thing. You need to first close. Yeah.

[00:28:33] **Participant 9:** Okay. Manage post.

[00:28:47] **Moderator:** This is for actually making the blog posts, so let's leave that one out. Yeah.[00:29:00]

[00:29:01] **Participant 9:** Okay.

[00:29:10] **Participant 9:** Okay. Uh, it looks better this way, so just try to keep it this way.

[00:29:15] **Moderator:** You can also try the dialed one if you want,

[00:29:21] **Participant 9:** but then I have a gap.

[00:29:25] **Moderator:** Okay. It's a, uh, well you expected to have more than three anyways at some point, so, yeah. Um. If you can change the background of the blog post. So you've selected a team that's, yeah. Doesn't have a background. It, it's gonna have a, an overlay instead. So yeah,

[00:29:55] **Participant 9:** this is,

[00:29:58] **Moderator:** it's gonna be of the [00:30:00] overlay instead of the background. Uh, because here you've got an overlay with this design.

[00:30:09] **Participant 9:** No. Okay. I.

[00:30:33] **Moderator:** Okay. I guess that will do though. I would personally, uh, just one second. I need, I would personally select, uh,

[00:30:48] **Moderator:** a darker color.

[00:30:55] **Moderator:** Okay. Okay. We've, we've basically done it. That's fine.
[00:31:00] Uh, yeah, you can do it from there as well.

[00:31:05] **Participant 9:** This is not the page, but still. Okay.

[00:31:11] **Moderator:** Uh, and we also need to customize the individual article page.

[00:31:16] **Participant 9:** The individual, sorry.

[00:31:18] **Moderator:** The individual article page. So this means like the blog post open. You can see that you know the contents of it and you can customize the look and feel of that.

[00:31:34] **Participant 9:** Okay. I'm yet to find that.

[00:31:46] **Participant 9:** I don't think it's from here.[00:32:00]

[00:32:10] **Participant 9:** This is the page of the

[00:32:12] **Moderator:** Yeah,

[00:32:14] **Participant 9:** I would kind of confuse it with post the page, but Okay. I found it. Um,

[00:32:25] **Moderator:** no, uh, no, no, no, no, no. We need to, uh, just customize the design of it. Um, so basically change the background or something.

[00:32:41] **Participant 9:** Navigation.[00:33:00]

[00:33:26] **Moderator:** This is page background, not background of the

[00:33:30] **Participant 9:** Okay. But I like it's, I'm gonna leave it like that. Okay.

[00:33:34] **Moderator:** Uh, but this is not the objective of the task. So let's try and, uh, yeah, just check the background of the post itself.

[00:33:43] **Participant 9:** Mm-hmm.

[00:33:46] **Moderator:** So behind that text, what we're seeing behind that text. Yeah.

[00:33:51] **Participant 9:** Okay. Lemme try and find it.

[00:33:53] **Participant 9:** So it's very easy to get distracted with the background and it should be designed.[00:34:00]

[00:34:04] **Participant 9:** That's the paragraph.

[00:34:24] **Participant 9:** It is not working.

[00:34:28] **Moderator:** Yeah, because this is for the navigation, not for the post, so, yeah.

[00:34:48] **Participant 9:** This should be the post.[00:35:00]

[00:35:00] **Moderator:** Yeah, and we're looking to change the background

[00:35:04] **Participant 9:** and I don't see background.

[00:35:14] **Moderator:** Okay,

[00:35:17] **Moderator:** perfect.

[00:35:19] **Participant 9:** Uh, it's not the best, but I'm gonna leave it like,

[00:35:23] **Moderator:** yeah, that's fine. We've achieved the objective of the task, so it's fine.

[00:35:27] **Participant 9:** The rest of the things.

[00:35:31] **Moderator:** Okay. Uh, let's go move on. Task four. Why do you keep wanting to add a section? We don't need to use any sections here. Uh, okay. Uh, you have now decided to populate your blog with some sample articles to see how it looks. So add three articles with sample text and images. You can get the images from Google and from convenience you can use, uh, charge GPT to generate the body of text for these three articles, [00:36:00] which we've already done.

[00:36:04] **Moderator:** So we need to make three articles.

[00:36:07] **Participant 9:** Okay. So we need to get out of here.

[00:36:14] **Participant 9:** Is it okay if I generate them here or do they have to be in the blog?

[00:36:20] **Moderator:** Well, they have to be as part of a block. 'cause otherwise why have a blog if you gonna do manually set up pages for them.

[00:36:28] **Participant 9:** Can I edit these parts? Do I need to

[00:36:38] **Moderator:** sort of, in a way you might be able to edit it, but Yeah,

[00:36:43] **Participant 9:** if I figured it out, I'm just asking if it's gonna count from the task,

[00:36:49] **Participant 9:** because these are not my anyway.[00:37:00]

[00:37:38] **Moderator:** Yeah, so what you started doing earlier. Is a post. Yeah.

[00:37:45] **Participant 9:** I'm trying to do, but when I do manage post it, I go to here.

[00:37:52] **Moderator:** Yeah. Um,

[00:37:57] **Moderator:** so we need to make three posts or [00:38:00] articles. Yeah. The words post and articles can be used interchangeably, so yeah.

[00:38:09] **Participant 9:** Just trying to edit those.

[00:38:52] **Participant 9:** I add this,

[00:38:56] **Moderator:** not really.[00:39:00]

[00:39:01] **Moderator:** Any post,

[00:39:02] **Participant 9:** I'm not in the right place. Again,

[00:39:12] **Participant 9:** I'm just gonna look at all the,

[00:39:17] **Participant 9:** okay, why is this thing still coding and not showing anything?

[00:39:26] **Moderator:** You don't need that anyways, it's.

[00:39:31] **Participant 9:** So I should be going from here somewhere.

[00:39:43] **Moderator:** I'm just gonna give you a clue 'cause uh, it's taking some time. Um, okay. So you've opened it a few times and you've closed it for some reason. You just dismissed it.

[00:39:54] **Moderator:** Yeah. I have no idea why, because it literally gave you an option to, to [00:40:00] add a new article.

[00:40:04] **Participant 9:** Okay, so it's not here then?

[00:40:06] **Moderator:** No, it's not in elements. So yeah.

[00:40:12] **Participant 9:** Blind section,

[00:40:14] **Moderator:** no, uh, we are not doing any sections in this whole task sheet, so just ignore the, the sections.

[00:40:26] **Participant 9:** A page.

[00:40:31] **Participant 9:** No, it's not here.

[00:40:36] **Moderator:** So we need to add a new post basically.

[00:40:42] **Participant 9:** You don't want me to add a page?

[00:40:43] **Moderator:** No, no.[00:41:00]

[00:41:03] **Participant 9:** I open this a lot

[00:41:09] **Participant 9:** in your project.

[00:41:15] **Participant 9:** Can I add this? It says post.

[00:41:22] **Moderator:** And what's next to it? In blue?

[00:41:26] **Participant 9:** New project, new post?

[00:41:31] **Moderator:** Yeah. It's the post not project. Yeah.

[00:41:34] **Participant 9:** Okay. Post article. So that's a bit confusing.

[00:41:38] **Moderator:** Yeah. As I said a few times, uh, post an article can be used interchangeably, so.[00:42:00]

[00:42:25] **Participant 9:** You need pictures? Uh,

[00:42:30] **Participant 9:** do I need to put many or can I put this,

[00:42:34] **Moderator:** uh, just one. Uh, and you can use that from Google. Uh, you could just Google Paris, or, I don't know anything.

[00:42:43] **Participant 9:** Can I Google from here or it's not gonna let me, can I do this?

[00:42:54] **Moderator:** Maybe? Yeah, why not?

[00:42:56] **Participant 9:** No.

[00:42:58] **Moderator:** Yeah, yeah. You, you can do that [00:43:00]

[00:43:00] **Participant 9:** because it's easier if I just,

[00:43:03] **Moderator:** okay.

[00:43:07] **Participant 9:** Don't have to.

[00:43:10] **Moderator:** Okay. And you can publish this.

[00:43:14] **Participant 9:** Yeah. Sorry, what did you say?

[00:43:18] **Moderator:** You could just publish this, so complete it. 'cause it's already completed. And you can do that with two more times. With two more articles, basically.

[00:43:28] **Participant 9:** Yeah. Now that we know where the button is.[00:44:00]

[00:44:01] **Moderator:** You don't need to edit any of the text that Judge GPT has generated. Just just leave it as it's, yeah.

[00:44:23] **Participant 9:** Okay. I.

[00:44:36] **Participant 9:** Okay, now that I've done it once, it's more straightforward to know what I'm doing after, for sure.[00:45:00]

[00:45:01] **Participant 9:** And the media is nice to have like top upload from here and just look for it.

[00:45:12] **Participant 9:** This one.

[00:45:18] **Participant 9:** Okay. Three are done.

[00:45:20] **Moderator:** Yeah. And if you close that, you'll be able to see, um, you have to go back, sorry.

[00:45:31] **Moderator:** Not to the dashboard. Not to the dashboard, but, uh, yeah. Maybe the blog, not the homepage. The blog, the blog.

[00:45:47] **Moderator:** You can see your articles there. Uh,

[00:45:50] **Participant 9:** I can see too,

[00:45:51] **Moderator:** I don't know what happened with the picture for article now one, but it doesn't matter for now. We've done it. So it's task four done.

[00:46:00] Let's just move on to task five, which is finalize your homepage. You have now decided to make your homepage functional by adding some presentable snippets from your blog.

[00:46:09] **Moderator:** So populate your homepage with the presentable, uh, elements from your blog, or any text or images you wish to include. Maybe a short introduction or whatever you else you would expect to see on the homepage, and then publish your site.

[00:46:23] **Participant 9:** Mm-hmm. Elements, images. Let's see about introduction.

[00:46:35] **Participant 9:** My favorite minute elements. Is it a, is this considered an element output? This, this looks like something you can put on a home beach.

[00:46:50] **Participant 9:** I'm just gonna put it,

[00:46:52] **Moderator:** yeah. Even though, um, I would suggest maybe using another one. 'cause this looks exactly like your. [00:47:00] Your blog, so maybe pick another one. Yeah,

[00:47:07] **Participant 9:** yeah. That would be,

[00:47:13] **Moderator:** you can also add some texts, maybe some like a welcome label let's say, or something like that. Uh, and also there are fancier texts if you scroll down, if you want to use any of them. Yeah. Okay. Like these ones.

[00:47:32] **Participant 9:** Um, not very Paris, but it goes with the green too, so why not?

[00:47:38] **Moderator:** There are trees in Paris, so

[00:47:42] **Participant 9:** Sorry.

[00:47:43] **Moderator:** There are trees in Paris, so

[00:47:50] **Moderator:** as everywhere in the world basically, but
yeah.[00:48:00]

[00:48:05] **Moderator:** You can also add any other elements that you wanna
include from the ad element section. Just explore what, what you've got there.

[00:48:16] **Participant 9:** My favorites.

[00:48:22] **Participant 9:** Okay. I feel like.[00:49:00]

[00:49:26] **Participant 9:** Okay, let.

[00:49:37] **Participant 9:** Provided the interactive one.

[00:49:47] **Participant 9:** Okay. We can add social.

[00:49:49] **Moderator:** Yeah, though we can leave them as the photos,
obviously. Yeah, we don't have any.

[00:49:54] **Participant 9:** Okay. Uh,

[00:49:55] **Moderator:** if you, if you're ready, you can also publish the website.
[00:50:00]

[00:50:01] **Participant 9:** Do I have anything else to add? Not

[00:50:04] **Moderator:** really. Yeah, it's a bit of an open task, so yeah. You've
done it. Okay.

[00:50:13] **Moderator:** And yeah, also, yeah, just one second. Uh,

[00:50:22] **Moderator:** you can view your final product on here.

[00:50:30] **Participant 9:** It's a green.

[00:50:33] **Moderator:** Yeah.

[00:50:39] **Participant 9:** Okay. I need to add this to stay and not to go over.

[00:50:54] **Participant 9:** Okay.

[00:50:55] **Moderator:** How was that? Was that easy?

[00:50:58] **Participant 9:** Yeah, I have [00:51:00] real trouble finding the post. Maybe it's just me not, not knowing where to look at. But overall, yes, just wish like you can, when you click, just directly start editing that part. It's relatively straightforward.

[00:51:18] **Moderator:** Okay, so we've got a post test questionnaire for you.

[00:51:24] **Moderator:** Uh, where you basically give you impression of the system that we test tested. Okay? So this is a system usability scale. It has 10 statements over here, and you need to assess whether you strongly disagree or strongly agree with them from one to five.

[00:51:42] **Participant 9:** Mm-hmm.[00:52:00]

[00:52:21] **Participant 9:** Okay.

[00:52:27] **Participant 9:** Okay. Not too t Okay. Before, with a little bit more practice, knowing where, where to look at things. Um,

[00:52:42] **Participant 9:** okay.

[00:52:46] **Moderator:** Okay, perfect. Well, thank you very much. And what's left to do is just, uh, 'cause page seven is just for me. Mm-hmm. Uh, so what's left to do is to read what's on page eight.[00:53:00]

[00:53:01] **Moderator:** This is page seven, and

[00:53:07] **Moderator:** thank you.

[00:53:14] **Moderator:** Um, any final words? How did you find it?

[00:53:19] **Participant 9:** Yeah, it's enjoyable. If you have more time to customize everything, look at it. It can really turn out nice and there are a lot of options. Maybe that's why initially you can get confused where it, look for what. If you have an idea what you want and how to do it, and with a little bit more practice, I think it'll be very easy and straightforward to do it.

[00:53:43] **Moderator:** Alright, perfect. Well thank you very much for your time. Thank you. I'm gonna now stop the recording this.
