

P4 - Session Recording - K2336620-CI6315

[00:00:00] **Moderator:** Hello, this is participant number four for the usability testing study of Wix. So, hello, hello, hello, hello. I hope you can hear me well. Um, so I've transferred this file to you. This is the form that we need to do. Um, take as much time as you need to read to it, and of course, if you've got any questions, don't hesitate to ask at any point.

[00:00:32] **Participant 4:** Okay.

[00:00:33] **Moderator:** So, yeah. So the very first, yeah, this is the table of the very first thing we have to do is the consent form. Uh, so in short, you have been invited to take part in a short usability testing study that is conducted as part of a university project for the user experience designing the module at Kingston University.

[00:00:55] **Moderator:** The purpose of the session is to help evaluate and improve the usability user experience [00:01:00] of Wix, an online drag and drop based website building tool. Please read the information below carefully before in read to participate. Uh, yeah. In short, you'll be asked to complete a set of tasks. This will be like five simple, simple tasks, um, using Wix.

[00:01:21] **Moderator:** This should take approximately 45 minutes, uh, and it'll be conducted remotely using, whoops, using team viewer. Um, it'll be audio and screen recorded to help analyze your experience. Uh, you're of course encouraged to think aloud as you walk, work through the tasks. Um, you'll also be asked to fill out an an anonymized participant profile questionnaire, and the whole session will be moderated by myself.

[00:01:54] **Moderator:** Final year, bachelor's computer science student at Kingston University. [00:02:00] So yeah, your participation is highly voluntary. You might withdraw from the study at any time without Providal reason. Of course, no judgment will be made about your performance 'cause we're, after all we are testing this system and how user-friendly it is.

[00:02:14] **Moderator:** We're not testing you. Um, all of the collected data will be kept completely anonymous and used solely for the, for any academic purposes. Um, your name and personal details will not be recorded in any

shared materials. Um, yeah. And any recordings should be deleted by, uh, the 30th of September, 2025 at the very latest.

[00:02:42] **Moderator:** And here in section A three you can give your permission to, to record and use audio clips for the purposes of this study. Um. So if you want to, if you want to ticket the option that you agree with,

[00:02:59] **Participant 4:** no. [00:03:00] Okay.

[00:03:03] **Moderator:** Alright. And in section A four, uh, is your consent and signature. So you need to sign it and write your name and the participant print.

[00:03:16] **Participant 4:** Uh, okay. One second. From here?

[00:03:19] **Moderator:** Yeah. Yeah, that will do it.

[00:03:22] **Participant 4:** Okay.

[00:03:25] It's,

[00:03:28] **Participant 4:** don't worry about it.

[00:03:29] **Moderator:** My signatures even more early than that.

[00:03:32] **Participant 4:** Okay. And my name.

[00:03:49] **Moderator:** Okay. You. And I'm gonna do my as well.

[00:03:58] **Moderator:** Whoops, [00:04:00] my, let me also sign this.

[00:04:07] **Moderator:** I have no idea why I'm using the mouse, considering that I've got a pen with this computer. But anyways,

[00:04:13] **Participant 4:** well, it's much better than mine, so.

[00:04:16] **Moderator:** Oh, it's fine. Okay. And you assigned participant number four.

[00:04:30] **Moderator:** It should also be reflected here. Uh, so the next page, we've got a short participant profile questionnaire. Um, feel free to have a look at it and then if you can fill it out with all the details that apply to you.

[00:04:52] **Participant 4:** Okay. Uh, can I start or, yeah, of

[00:04:54] **Moderator:** course.

[00:04:55] **Participant 4:** Okay.[00:05:00]

[00:05:02] **Participant 4:** Um, here I need to, um, write university or

[00:05:09] **Moderator:** just what you're doing. Uh,

[00:05:11] **Participant 4:** from what I know you're,

[00:05:12] **Moderator:** uh, a medicine student, so you can write that I'm

[00:05:15] **Participant 4:** a medicine student. I can write this,

[00:05:18] **Moderator:** of course. Okay.

[00:05:26] **Participant 4:** And here I need to, uh, click, which I, uh, completed, right?

[00:05:33] Yeah.

[00:05:38] **Participant 4:** College.

[00:05:38] Yeah.

[00:05:44] **Moderator:** Uh, yeah. The next section is about technology use. So average, how many hours per week do you think use a computer or laptop?

[00:05:54] **Participant 4:** If the phone included or no? No,

[00:05:57] **Moderator:** only computer or laptop.

[00:05:59] **Participant 4:** [00:06:00] Hmm. Okay.

[00:06:12] **Moderator:** Okay. And how would you personally weight your overall computer proficiency? Of course, no judgment is bit here. It's up to you.

[00:06:24] **Participant 4:** Probably beginner. I don't know. I don't know much about the technology.

[00:06:30] **Moderator:** I wouldn't say you are a beginner. I mean, you've got some like proper skills. So I dunno, it's up to you have some

[00:06:39] **Participant 4:** trick, but let's say with beginner,

[00:06:43] **Moderator:** let's be humble. Okay? Yes. Alright. Um, familiarity with this system and its alternatives.

[00:06:50] **Moderator:** So how often do you create websites is the next

[00:06:54] **Participant 4:** I think I create one [00:07:00] like, uh, one long ago and it was in school, so I remember. Oh yeah, I've

[00:07:05] **Moderator:** remember that.

[00:07:06] **Participant 4:** Yes. So I don't know which to click probably.

[00:07:10] **Moderator:** Yeah, never

[00:07:12] **Participant 4:** really. Okay.

[00:07:16] **Moderator:** So which of the following website backing tools have you used before? Wix, Weebly, Squarespace, Gatsby, Webflow, or any other?

[00:07:25] **Participant 4:** Um, none of them.

[00:07:28] **Moderator:** Do you remember which one you used back in high school?

[00:07:32] **Participant 4:** No. No. Really? Don't remember? Okay.

[00:07:34] **Moderator:** Yeah, that's fine. We can skip this section then. Uh, okay. This question, uh, yeah, question nine, if you've used used Wix before, how frequently? I assume you've never used it.

[00:07:45] **Participant 4:** Yes. Never used it.

[00:07:47] **Moderator:** Okay. You can mark.

[00:07:49] **Moderator:** Uh, yeah. So question number 10 is, uh, when was the last time you used it so that that doesn't apply to you? Mm-hmm. Uh, question

number 11. Do you have any [00:08:00] experience with other design tools? So, Figma, Canva, Photoshop, I guess you can sort of count like paint or maybe even PowerPoint.

[00:08:11] **Participant 4:** Um, well, yes, PowerPoint, uh, Photoshop, um, I use it for.

[00:08:18] **Participant 4:** My phone. I don't know if it counts, but Yeah.

[00:08:22] **Moderator:** Yeah, why know?

[00:08:24] **Participant 4:** So

[00:08:24] **Moderator:** you can mark yes, then Yes. Uh, and in question number 12, uh, could you list, um, which ones and how confident you are using them? So you said Photoshop and PowerPoint,

[00:08:40] **Participant 4:** probably four.

[00:08:45] **Moderator:** Photoshop

[00:08:46] and PowerPoint.

[00:08:49] **Moderator:** And how confident are you using them?

[00:08:53] **Moderator:** Confident. If we have

[00:08:54] **Participant 4:** to say from one to 10, I would say probably four.

[00:09:00] Okay.

[00:09:04] **Moderator:** Yeah, that's fine.

[00:09:05] Yes.

[00:09:06] **Moderator:** So, um, as for the usability text testing context, which device you are completing this test from? So I can see that the operating system is Windows 11.

[00:09:18] Yes.

[00:09:20] **Moderator:** And the brand and model of your laptop. Do you know it?

[00:09:24] **Participant 4:** Um, I think, um, Ms. MSI,

[00:09:31] **Moderator:** yeah. Let, let me, lemme just see the Yes. Model.

[00:09:38] **Moderator:** Yeah. There. It's,

[00:09:42] **Moderator:** can copy and paste it.

[00:09:45] **Participant 4:** How,

[00:09:49] **Moderator:** yeah. Alright. Perfect. Do you assist, uh, do you use any assistive technologies, screen readers, zoom tools, keyboard navigation,

[00:09:58] **Participant 4:** navigation? Well, [00:10:00]

[00:10:01] **Moderator:** I assume not.

[00:10:03] **Participant 4:** Hmm.

[00:10:03] **Moderator:** I assume not.

[00:10:06] **Participant 4:** No. I don't know.

[00:10:08] **Moderator:** Okay. That's fine. Okay. Um, so the next, next section is the task instructions sheet itself. Uh, this is the main thing.

[00:10:19] **Moderator:** Basically, this is where you spend most of your time. Uh, these are the five tasks that you're, uh, given to do using Wix. Um, so the instructions that apply for all of them are try to attempt each task if possible, without help, unless you get completely stuck. In which case it's completely fine to ask for help, but do try to, to still do it, uh, do them by yourself.

[00:10:47] **Participant 4:** Mm-hmm.

[00:10:48] **Moderator:** Um, you are coached to talk aloud while performing the tasks. Um, so c, communicate any assumptions, expectations, thoughts and feelings that you might have. [00:11:00] Uh, there's no time limit, but if you

want to move on, you can speak up and let the motivator, which is, uh, who is myself. Uh, you can let me know.

[00:11:10] **Moderator:** Uh, I do not stress if you cannot figure something out because we, you are, no, not the one being tested. We're evaluating the system. Mm-hmm. Uh, okay. Is that okay? And have you got any questions

[00:11:25] **Participant 4:** for now? No. Okay. Okay.

[00:11:29] **Moderator:** Okay. Then we, we can proceed with task one, which is called getting started. So the context of the task, uh, you have considered and decided to start a simple blog for your website, where you tell the stories of your professional studies or hobby or anything of interests to you.

[00:11:50] **Moderator:** So what you need to do is, uh, access Wix, create an account, and begin creating your first manual. So non-AI generated [00:12:00] website on the topic you chose, uh, by making a homepage with a title in the header. With the menu for navigation. Uh, and there's a small clarification there, there from the template, from the templates that you get presented with.

[00:12:17] **Moderator:** Uh, you are only allowed to use the one in the blank templates section. That's the start from scratch. 'cause we are gonna build it from scratch. Uh, so the very first thing we need to do here is to access Wix.

[00:12:34] **Participant 4:** Okay. Um, in Google, right? Yep.

[00:12:41] **Moderator:** That's Google for you.[00:13:00]

[00:13:00] **Participant 4:** Okay. Probably is this one.

[00:13:16] **Participant 4:** Can I continue with, uh, Google or

[00:13:18] **Moderator:** Yeah, of course you can use any socials you want.

[00:13:23] **Participant 4:** Okay. I just.[00:14:00]

[00:14:38] **Participant 4:** Okay. It's for myself, so.

[00:14:49] **Moderator:** Uh, yeah. Just a quick reminder from, from the task sheet. Uh, yeah. So it says create an account. So you already done that.

[00:15:00] Uh, I begin creating your first manual, so non AI generated website.

[00:15:04] **Participant 4:** Yeah. So I will set up without the chat. Yeah. Or here, right? Without Yes, I remember that. Um, okay. So here I need to type the topic, which I want to write about.

[00:15:25] **Participant 4:** Right?

[00:15:27] **Moderator:** Uh, so you expected to make a blog?

[00:15:30] **Participant 4:** Oh, yes. So if you Oh yeah. Okay. Blog

[00:15:37] **Moderator:** because, so the type of website. Okay.

[00:15:45] **Moderator:** Okay. What would you like to call your website? So now now's the time to make like a creative name for it. Uh, what do, uh, by the way, what do you wanna make a website for? [00:16:00] Have you chosen a topic? It can be anything.

[00:16:05] **Participant 4:** I don't know. I think about, um, music or probably about food, but I dunno what probably music I love.

[00:16:19] **Participant 4:** I love music. Let be about music. Music. Okay. Um, so now I need to figure how to name it. Yeah.

[00:16:34] **Moderator:** It doesn't need to be as, you know, as creative as possible. You could write something like musical lover, I guess, or,

[00:16:43] **Participant 4:** or I

[00:16:43] **Moderator:** dunno.

[00:16:44] **Participant 4:** Okay. Uh, it's up to you. Just a moment.

[00:16:49] **Moderator:** Yeah, that's fine.[00:17:00]

[00:17:01] Okay.

[00:17:02] **Moderator:** Or 21st sec Century music, fan

[00:17:05] music, something.

[00:17:22] **Moderator:** Yeah. Sounds good.

[00:17:27] **Participant 4:** Well, yeah. Um,

[00:17:29] **Moderator:** sounds good. Okay.

[00:17:32] **Participant 4:** I can use this, right?

[00:17:34] **Moderator:** Of course. Of course.

[00:17:36] **Participant 4:** Okay. Anything's

[00:17:36] **Moderator:** fine as long as it's relevant to the chosen I
topic.[00:18:00]

[00:18:19] **Participant 4:** Uh, here. I need to click someone. It won't make me
with them, right?

[00:18:28] **Moderator:** Sorry.

[00:18:29] **Participant 4:** Um, here, which one of this I need to click because I
don't want to be,

[00:18:37] **Moderator:** it's up to

[00:18:38] **Participant 4:** you. Connected Instagram.

[00:18:39] **Moderator:** If you don't wanna use Instagram, you can unselect that.

[00:18:43] **Participant 4:** Okay. Can I go with,

[00:18:52] **Moderator:** so this is a multiple choice thing. Um, so if you don't
wanna use Instagram, which I would advise you not to use. Yes. Yes. Because it
[00:19:00] would break the anonymity of, of the test. Yeah. I would say not
here

[00:19:05] **Participant 4:** and here. This one, this ones are different or no. Or
everything is, you don't

[00:19:12] **Moderator:** need any of this to be honest, so,

[00:19:15] **Participant 4:** okay.

[00:19:15] **Moderator:** Uh, blog is selected by default 'cause. Yeah. Obviously

[00:19:22] **Participant 4:** about form. I need to give information or

[00:19:28] **Moderator:** you don't have any subscribers or payments or stuff like that.

[00:19:32] **Participant 4:** Okay. So it'll be a block.

[00:19:38] **Participant 4:** Okay.

[00:19:51] **Moderator:** Okay. Um, this is go, so I,[00:20:00]

[00:20:00] **Moderator:** we've created a website, um, you've named it. Mm-hmm. So what we need to do now, um, is make a homepage with a title, uh, music quote with me and, uh, a menu bar for navigation. So we need to make a homepage, basically.

[00:20:23] **Participant 4:** Okay. Um, but here I. I need to click let go or,

[00:20:33] **Moderator:** so this is for making a custom domain. I would say just ignore this, uh, 'cause, uh, make, using a custom domain would require payment for that.

[00:20:42] **Participant 4:** Alright. So, yeah. So I need to write your fourth block post probably.

[00:20:48] **Moderator:** Um, no, it's about creating a new page. Uh, the, actually creating a homepage in particular, so.

[00:20:57] **Participant 4:** Okay. [00:21:00] Um,

[00:21:04] **Participant 4:** right. Can I use the two again? Yeah, of course. Here.

[00:21:14] **Participant 4:** Um.

[00:21:50] **Participant 4:** Um, how can I start from where, because I'm kind of

[00:21:59] **Moderator:** just [00:22:00] one second, uh,

[00:22:07] **Moderator:** just one second. 'cause I'm writing something.

[00:22:25] **Moderator:** Uh, what I give you the try. Or,

[00:22:29] **Participant 4:** uh, yes. I don't know.

[00:22:32] **Moderator:** Have you got any, do you suspect where you can start my, um, you know, building on your website from

[00:22:41] **Participant 4:** uh, I don't know from where to start? How to start my first opening page?

[00:22:52] **Moderator:** Uh, so you've got not, do you wanna try to, I dunno guess

[00:22:57] **Participant 4:** probably design site.

[00:22:59] **Moderator:** Yeah. [00:23:00] Yeah, that's it.

[00:23:01] **Participant 4:** You are right.

[00:23:01] **Moderator:** Yeah.

[00:23:02] **Participant 4:** Okay.

[00:23:04] **Moderator:** Even though they've got this design site, uh, you know, button three times of the webpa, uh, on that page. But yeah. Anyways, uh, so we're not gonna use any AI as we Yes. Send already. So we're gonna pick a template and as per the task instructions we need to use, uh, from the blank templates.

[00:23:23] **Moderator:** Uh, a template called Start Fromm Scratch. So it needs to be from the blank templates.

[00:23:30] **Participant 4:** So I can choose one of these, right?

[00:23:33] **Moderator:** No, you need to use the blank templates.

[00:23:37] **Participant 4:** Ah, okay. Uh, blank.

[00:23:39] **Moderator:** Yeah. Yeah. And start Fromm Scratch.

[00:23:44] **Participant 4:** Okay. Good.[00:24:00]

[00:24:16] **Moderator:** Uh, yeah, you can close that. Too much AI Yeah. Keeps insisting on you using ai, but yeah, we're gonna do, we're gonna do stuff the manual way. Uh, congratulations. Your in the website editor. Mm-hmm. So what we need to do, uh, yeah. Can you tell if this is the homepage

[00:24:41] **Participant 4:** in any way? Um,

[00:24:46] **Moderator:** have you got any sort of indication on the screen of that?

[00:24:50] **Participant 4:** Well, we have here, this needs to be good first because this is the page that will, will grab the attention. [00:25:00]

[00:25:00] **Moderator:** Yeah. How do we know we're, uh, looking at the homepage at the moment?

[00:25:04] **Participant 4:** Uh, right here? Yeah. Page home.

[00:25:07] **Moderator:** Oh yeah. Oh, that's great. So what we need to do now is just add a, like a little title. So that's mm-hmm.

[00:25:16] **Moderator:** Gonna be like short text that says, uh, well, the name of your website, you named it, what was it? Uh, um,

[00:25:24] **Participant 4:** music word with me.

[00:25:25] **Moderator:** Yeah. So we need to add this in a, like a big text and put it in the upper left corner.

[00:25:33] **Participant 4:** Uh, okay. Again, AI is here. Um,

[00:25:41] **Moderator:** AI is everywhere.

[00:25:44] **Participant 4:** Okay. So I need to write it probably here or it doesn't matter where.

[00:25:53] **Moderator:** Um, well, you need to add it to, specifically to your header, but,[00:26:00]

[00:26:04] **Participant 4:** um,

[00:26:04] **Moderator:** so that's the top bar that you've got it.

[00:26:21] **Participant 4:** You say that it must be from scratch, so I don't,

[00:26:27] **Moderator:** so this is for adding section. We just need to add a, like a simple text, not a whole section.

[00:26:35] **Participant 4:** Okay. One second.

[00:26:51] **Participant 4:** Probably this one.

[00:26:53] **Moderator:** Yeah.[00:27:00]

[00:27:10] **Participant 4:** Oh wait,

[00:27:19] **Moderator:** there are different styles of title. You can choose any.

[00:27:24] **Participant 4:** Okay. And I can make the words bigger if I want to, right? Yeah, of course.

[00:27:36] **Moderator:** Elegant type. So now we need to write the name of your website and the upper left code.[00:28:00]

[00:28:16] **Participant 4:** Oh, that's too big.

[00:28:48] **Moderator:** I will need to put that in the upper left corner.

[00:28:51] **Participant 4:** Um, uh, excuse me. Uh, can you repeat again?

[00:28:57] **Moderator:** Uh, we just, that title that we made now [00:29:00] mm-hmm. Uh, we need to put it in the upper left corner. As per usual, you know, uh, any website you open has the title of the website or of the apple. Mm-hmm.

[00:29:10] **Participant 4:** Okay. Here.

[00:29:13] **Moderator:** Um, I would say at the very top.

[00:29:16] **Participant 4:** Okay.

[00:29:17] **Moderator:** Okay. That will work.

[00:29:23] **Participant 4:** Um,

[00:29:27] **Participant 4:** okay. Now we have the title.

[00:29:33] **Moderator:** Yeah. And, uh, the last step for this task, uh, is to add a little menu to the top bar. Uh, you know, any website you open has a, like a menu at the top that says, uh, you know, all that, lists all the pages of that website and lets you select an and switch between pages, for example, uh, home about the [00:30:00] blog.

[00:30:02] Yes.

[00:30:02] **Moderator:** Get their idea. So we need to add the menu to our website.

[00:30:08] Okay.

[00:30:18] **Participant 4:** Like this?

[00:30:19] **Moderator:** Yeah. I choose any you fancy, uh, but not these vertical ones. We need a horizontal.

[00:30:31] **Participant 4:** I need, uh, which one?

[00:30:33] **Moderator:** Uh, only the horizontal ones, not the vertical ones. So, yeah. Oh, okay. All the teamed. Once

[00:30:44] **Participant 4:** I can use color, right?

[00:30:46] **Moderator:** Yeah, of course you can use any of them. And we need to put that at the top.

[00:30:55] **Moderator:** If you can just move it to the top.

[00:30:58] **Participant 4:** Okay. [00:31:00] Uh, here, or

[00:31:05] **Moderator:** I would say on the upper right? Yeah, I guess that would do. Okay, so this is all for task one. Let's just record. Okay? Okay.

[00:31:23] **Participant 4:** I can change the other things, um, later, right? You have, you have more

[00:31:27] **Moderator:** than enough time at the very end. Don't focus too much on the design for now.

[00:31:32] **Moderator:** Uh, so the next, the next task is called About Me. So the context of it is you want to introduce your site visitors to yourself so they know whose application, uh, publications they're seeing. So what you need to do is just to add a simple about page using the blank template, uh, and then add the sample image.

[00:31:56] **Moderator:** Uh, this could be. Uh, an image, a document [00:32:00] of a person online. Okay. So you can, we can search, search for a portrait, um, on Google later and download that. That's fine. Uh, and then some text about you tell your story. What inspired you to start your, uh, to start making this blog, uh, in this case, uh, you know, for, for music.

[00:32:20] **Moderator:** Why did you decide to dedicate it to music? Uh, yeah. So the very first thing we need to do is just to add a new page called About Me. So that's a new page to, to our website that we need to add.

[00:32:36] Okay. Um,

[00:32:43] **Participant 4:** work pages. Probably this one at page.

[00:32:53] **Moderator:** Um.[00:33:00]

[00:33:02] **Participant 4:** Right.

[00:33:03] **Moderator:** Yeah. I'm going, uh, sorry. We're gonna use the blank page. The

[00:33:08] **Participant 4:** blank page again. Okay. Yeah.

[00:33:10] **Moderator:** Perfect. And now we need to call it about,

[00:33:27] **Moderator:** okay. So, uh, what we need to do now, take over, because normally you have this, maybe when you're making a blog. Yeah. I'm gonna

[00:33:42] **Moderator:** just search for sample portraits.

[00:33:50] **Moderator:** This will do, I guess, save it for you and. Now the first thing we need to do here [00:34:00] on this uh, page is we need to add that portrait that I just downloaded. I don't downloaded it to the desktop, so we can upload it from the,

[00:34:10] **Participant 4:** okay, so I need to put it,

[00:34:13] **Moderator:** yeah, we need to slap it on our page.

[00:34:20] Uh, no.[00:35:00]

[00:35:02] **Participant 4:** Let's hope I'm doing the things right.

[00:35:12] **Participant 4:** Okay,

[00:35:14] **Moderator:** perfect. Now we can resize it and, yeah, perfect. You can put it on the left.

[00:35:23] **Moderator:** And now what we need to do,

[00:35:26] yes, is

[00:35:28] **Moderator:** uh, just add some text. It's gonna be like four paragraphs, but before we do that, uh, just one second. I will need to open up chat GPT on my computer.

[00:35:49] **Moderator:** Oops. Um.[00:36:00]

[00:36:02] **Moderator:** Okay,

[00:36:06] **Moderator:** so,

[00:36:19] **Moderator:** alright. There's a text that we're gonna use. I'm just gonna put it over here on the side so it's easy for me to copy anything. So, yeah, we basically need to add this text here to, to our website next to the portrait.

[00:36:36] **Participant 4:** Okay. So this, do the picture. Okay. Yeah, we need to add

[00:36:43] **Moderator:** that text next to the picture.[00:37:00]

[00:37:13] **Participant 4:** Okay. But it might be something else because it doesn't give me

[00:37:19] **Moderator:** Yeah, you need to create, um, okay. Get that away. Well, you need to just, uh, add a sample paragraph first and then edit that.

[00:37:30] **Participant 4:** Oh, I need, yes. So

[00:37:33] **Moderator:** it's similar to how you added the,

[00:37:36] **Participant 4:** the title. Okay. Yeah.

[00:37:40] **Moderator:** But it's gonna be a whole paragraph. Yes.[00:38:00]

[00:38:11] Okay,

[00:38:12] **Moderator:** now we need to resize it to make it like more readable. Yes.[00:39:00]

[00:39:58] **Participant 4:** Is this good? [00:40:00]

[00:40:00] **Moderator:** Yeah. Yes. Now do just make it a bit wider so more takes can fit in one line.

[00:40:15] **Moderator:** Yeah, it's going all over the image at the moment.

[00:40:58] **Moderator:** It did widen it, uh, just two [00:41:00] minutes ago. So maybe if we can widen it a little bit further on the right. Yeah, that's, that's all we need do. Okay, perfect.

[00:41:11] **Participant 4:** Because there's too many words. Okay.

[00:41:15] **Moderator:** Yeah, it's quite a long About me section for our website. Well, that's the joke people,

[00:41:24] **Participant 4:** people need to know. So,

[00:41:27] **Moderator:** yeah. Uh, okay, so this is of task two.

[00:41:34] **Moderator:** We can move on to task three now.

[00:41:38] Okay.

[00:41:39] **Moderator:** Uh, so now we need to add a blog page. And the context of this is you have now set a. Most of the basic functionality and layout of your website. And you're ready to make the main thing, the block where you're gonna write some articles. So what you need to do is set up the block page that is going to list all of the articles you write [00:42:00] and change the layout of the colors of your, to your liking, uh, of all the articles, list, page, and the individual article page.

[00:42:08] **Moderator:** So we gonna mostly like do it layout.

[00:42:15] **Participant 4:** Okay?

[00:42:34] **Moderator:** So there's a little catch with this task. Uh, okay. The block. You don't need to, uh, add the block page 'cause it's been already automatically added for you, which is fine. This one. So, yeah, uh, this is, okay. This is, uh, the block list page. So this lists all of the posts that you, uh, that you have. Of course, this includes some sample posts.

[00:42:57] **Moderator:** So what we need to, to do and [00:43:00] focus on is to change the layout and the colors of what we are already seeing and what's been already said for us.

[00:43:08] **Participant 4:** Okay. And, uh, the

[00:43:12] **Moderator:** basically change the, you can change, for example, the back, uh, the background color of these, uh, posts up to you.

[00:43:23] **Participant 4:** Okay. The pictures, or No,

[00:43:25] **Moderator:** not the pictures.

[00:43:26] **Moderator:** Uh, mostly like the, the layout and the background colors. So at the moment it's like white behind the text. We need to look it up. Yes. Any other color. Basically, whatever you fancy.

[00:43:44] **Moderator:** Uh, this is the background for the help page, so that doesn't apply to you.

[00:43:48] Oh, okay.

[00:43:57] **Moderator:** And we also need to, uh, [00:44:00] so the task is change the layout and the colors.

[00:44:04] **Participant 4:** Okay.

[00:44:07] **Moderator:** Yeah. There are different layouts for you.

[00:44:11] Okay.

[00:44:12] **Moderator:** So pick the one you like the most.

[00:44:43] **Moderator:** And you can change the color.[00:45:00]

[00:45:41] **Moderator:** So, I don't know if you've noticed, but that color that you selected earlier did apply. Did go through, but it's over here. So you've changed the color of this. Uh oh. Yeah. Um, but if you want to, you could change the [00:46:00] color of the background of these posts. So how are we gonna do that?

[00:46:04] **Participant 4:** Mm-hmm. I need to click on,

[00:46:11] **Moderator:** it's gonna apply to all posts, basically. Oh yes.

[00:46:26] **Moderator:** So we are changing the color to wall. What is that?

[00:46:40] **Moderator:** This is the fault.

[00:46:41] **Participant 4:** Mm-hmm.

[00:46:48] **Participant 4:** Okay. Did I do it right?

[00:46:54] **Moderator:** Sorry.

[00:46:57] **Participant 4:** Is it, uh, [00:47:00] good.

[00:47:01] **Moderator:** Yeah, if you could just change the colors of the, the background.

[00:47:07] **Participant 4:** Okay. Yes. I,

[00:47:27] **Participant 4:** oh, no.

[00:47:35] **Participant 4:** Oh, okay. Okay. I get it. I get it.

[00:47:39] **Moderator:** Nice. So this is very pink now.

[00:47:43] **Participant 4:** Now it's a pink world, but it's about music, so why not? Yeah,

[00:47:49] **Moderator:** I guess it kinda matches the theme. Um, yeah. So this is the, the, the background of the, uh, posts list. Uh, we also [00:48:00] need to personalize, so basically change the colors and maybe the layout, uh, often the individual posts page.

[00:48:10] **Moderator:** So how, uh, at the moment you're at the blog list, uh, the post list page. Mm-hmm. So how are we gonna open like an individual post and customize that?

[00:48:23] **Participant 4:** So we need to use it individual individually.

[00:48:30] **Moderator:** Yeah. Uh, 'cause at the moment it's just listed, but obviously this is a whole article, so we need to change the.

[00:48:36] **Moderator:** Background and all the style of that art.

[00:48:43] **Moderator:** Mm-hmm. Which is, uh, I'm gonna leave you, leave you a little clue here. This is a different page basically. 'cause we are in the blog lists page, all posts page. Uh, so there's an individual host,[00:49:00]

[00:49:11] oh, I did something.

[00:49:42] **Moderator:** Oh yeah, you got it. You opened one of the posts, so you can customize that. Change the background color. 'cause at the moment it's just white.

[00:49:54] Okay.[00:50:00]

[00:50:29] **Moderator:** So you've changed the color of something, but you can't really tell of what mm-hmm. Advice. Just, uh, pay attention to what's next to the color because it usually says it. Uh, in this case it was links and we don't have any links here and hashtags.

[00:50:47] **Moderator:** Okay. Uh, so this is the text itself?

[00:50:50] **Participant 4:** Yes, this is the text. And I don't like it. Blue.

[00:50:55] **Moderator:** Oh. Uh, how about the background [00:51:00] as opposed to

[00:51:07] **Participant 4:** program one?

[00:51:12] **Participant 4:** What I'm changing right now?

[00:51:15] **Moderator:** Well, it says quote style. You don't have.

[00:51:32] **Participant 4:** Uh, background. Okay.[00:52:00]

[00:52:01] **Moderator:** That's changing the border around the post. Um, what about the background of the post?

[00:52:11] **Participant 4:** We go to background, right?

[00:52:16] **Moderator:** You tell me.

[00:52:19] **Participant 4:** Well, we need to change the background, but why doesn't working? Why isn't working? Text power background. Oh,

[00:52:39] **Moderator:** uh, so just one second. Just, uh, at the moment it's kind of translating into Bulgarian, which means, uh, my assessors won. Be able to understand. Yes, yes. Yeah. So[00:53:00]

[00:53:10] **Moderator:** do you need a clue?

[00:53:14] **Participant 4:** I am kind of lost. I don't know what hit.

[00:53:17] **Moderator:** So you are, you are actually on the white page. These are different sections. This says post background, this says button style. So you're changing the background of the buttons, but we don't have any buttons here at the moment. But on the post background, we've got post background here.

[00:53:37] **Participant 4:** Oh yeah. So this is

[00:53:38] **Moderator:** what you need to change.

[00:53:39] **Participant 4:** I'm just, I'm just blind. Okay. Thank you. Oh, okay.

[00:53:45] **Moderator:** Oh, you can, uh, obviously add a new color.

[00:53:49] Oh, yes. I'll outta millions of

[00:53:51] **Moderator:** colors and pick whatever, whatever looks good. And whatever's also readable, you know?[00:54:00]

[00:54:00] **Participant 4:** Ooh. Looks terrible.

[00:54:08] **Participant 4:** I love blue, but just won't do it.

[00:54:12] **Moderator:** You can also adjust it from here. Yeah.

[00:54:18] **Moderator:** You can make it a lighter blue.

[00:54:21] **Participant 4:** It is getting worse and worse.

[00:54:27] **Participant 4:** Okay, let's go for,

[00:54:40] **Participant 4:** um, uh, can I make it more white?

[00:54:44] **Moderator:** Oh, yeah, yeah. But, but just moving this around. See,

[00:54:47] **Participant 4:** this, this one is perfect. Yeah.

[00:54:55] **Participant 4:** Huh? Here.

[00:54:56] **Moderator:** Perfect.

[00:54:59] **Participant 4:** Well,

[00:54:59] **Moderator:** [00:55:00] perfect. So this is all for, it's

[00:55:01] **Participant 4:** not, it's not so bad. It's not good, but it's not bad.

[00:55:04] **Moderator:** Yeah. You can customize it more at the end.

[00:55:06] **Participant 4:** Yeah. Okay. So it's fine.

[00:55:08] **Moderator:** We've done task three. Uh, just lemme record the time. Okay. Um, so we can switch to task four now. Which is minus three articles. Oh,

[00:55:20] okay.

[00:55:20] Yeah.

[00:55:22] **Moderator:** So you have now decided to populate your blog with some sample articles to see how it looks. Uh, so what you need to do is you need to add three articles with sample text and images. You can get the images for Google and for your convenience you can use a large language model like JGPT, Gemini, copilot, or et cetera, uh, to generate the body of texts for these three articles.

[00:55:46] **Moderator:** Uh, so I've already kind of done that for you, so let me just paste it again over here.

[00:55:55] Okay.

[00:55:59] **Moderator:** Well, you know what, [00:56:00] actually,

[00:56:06] **Moderator:** I think it might be easier for you if I just paste it

[00:56:12] **Moderator:** here. It more be.

[00:56:23] **Moderator:** We're gonna do some copy pasting here.

[00:56:31] **Moderator:** Yeah. Uh, okay.

[00:56:43] **Moderator:** Okay. So this is article one. This is article two, and this is article three. This is article the text. Yeah, the text that you need to add. So now we need to create three articles for our blog.[00:57:00]

[00:57:01] **Participant 4:** Okay.

[00:57:30] **Participant 4:** So I need again to place for text and

[00:57:35] **Moderator:** no, this has more to do with the blog that you already have that's been already set up and that you've just customized.

[00:57:42] **Participant 4:** Okay.

[00:57:43] **Moderator:** So we just need to add, uh, instead of having these sample articles that we had earlier that you customized, uh, we wanna have some articles of our own.

[00:57:57] Okay. So

[00:57:58] **Moderator:** yeah.[00:58:00]

[00:58:04] **Moderator:** Yeah, we need to add them here, basically

[00:58:10] **Participant 4:** just.

[00:58:20] **Participant 4:** In the same, yeah, in the same section.

[00:58:23] **Moderator:** You can add them

[00:58:24] **Participant 4:** in the same section. I need to put them,

[00:58:27] **Moderator:** yeah.

[00:58:31] **Participant 4:** Okay.[00:59:00]

[00:59:01] **Participant 4:** And you see the picture, uh, or, uh,

[00:59:06] **Participant 4:** some image.

[00:59:09] **Moderator:** This is gonna. Add a, like an image to the website itself, not the block that we have set up. So it won't be, it won't be shown like as a proper article, so,

[00:59:26] **Participant 4:** okay.

[00:59:39] **Moderator:** So I need to,

[00:59:42] yeah,

[00:59:42] **Moderator:** just a little, uh, just a little note here. Uh, this is, uh, like a text for the website itself. Mm-hmm. But it's not an individual article. So what

we need to do is we need to find out how to create an article first, and then, uh, add [01:00:00] our text images to, to it.

[01:00:01] **Participant 4:** Oh, I need to click on individually and then, uh, paste it.

[01:00:07] **Moderator:** So first you need to create an article and then add your text, the article.

[01:00:13] **Participant 4:** Okay. For example, this one

[01:00:23] **Moderator:** we could click on and just another clue, uh, article and a posts are basically the same thing, so yeah.

[01:00:31] **Participant 4:** Yes, yes. By,

[01:00:32] **Moderator:** by saying, I, uh, create a new article. I also say, could create a new post. Why there

[01:00:36] **Participant 4:** three? Because I have three post and I need three articles, so, okay.

[01:00:44] **Participant 4:** But I don't know how to,

[01:00:50] **Participant 4:** okay.[01:01:00] [01:02:00] [01:03:00]

[01:03:32] **Participant 4:** Is this how supposed to be, or I just make,

[01:03:38] **Moderator:** so you added the text that's, that's just running on top of, of top of our article, so

[01:03:49] **Moderator:** not really.

[01:03:52] Yeah.[01:04:00]

[01:04:02] **Moderator:** So, as I said, the very first thing we need to do is just add a new post and then add the text to it.

[01:04:11] **Participant 4:** Okay. So I need a new, new

[01:04:13] **Moderator:** post, basically. A new post. Okay.

[01:04:30] **Participant 4:** One second, one second. I make it a little crazy.

[01:04:37] **Moderator:** Um, I would say it's just wasting our time at the moment. It's not loading anything, so you can proceed as normal. Just ignore this.

[01:04:46] **Participant 4:** Okay? So.[01:05:00]

[01:05:05] **Participant 4:** So how to judge it then.[01:06:00]

[01:06:21] **Participant 4:** And I thought this task will be the easiest. I'm completely lost.

[01:06:26] **Moderator:** Did you need some help?

[01:06:29] **Participant 4:** Um, yes, because I don't know how to add another page because it doesn't give me this. It just ing and ing.

[01:06:39] **Moderator:** Yeah. Adding a page here wouldn't be able to help us out much. Uh, let me just restart. Uh, lemme just save, lemme start so that we get rid of this.

[01:06:50] **Moderator:** Oh,

[01:06:50] **Participant 4:** okay.

[01:06:52] **Moderator:** Loading and loading. Um, by the way, are you noticing something, what's going on here [01:07:00] with the top bar?

[01:07:05] **Participant 4:** Um, what about it? Our title

[01:07:08] **Moderator:** is kind of cut, cut off, so, yeah. Um, it's not immediately obvious it seems, but, um, these guides over here guide you to the limits of the page. So if you do size the window, you kinda, you can start losing content that's, uh, going over these guides. Mm-hmm. Yeah. It's basically for future reference, you might have to stick to this, to work within these guides is that way you're able to see anything, everything that, that you've meant to actually have to do on screen.

[01:07:53] **Moderator:** Alright. Let me just save[01:08:00]

[01:08:01] **Participant 4:** this.

[01:08:10] **Moderator:** It's saved refresh. Okay. Uh, so it doesn't matter whether you are, uh, on the, on the block list page or on an individual post page.

[01:08:25] **Participant 4:** Okay? So it doesn't matter the order

[01:08:28] **Moderator:** though. Uh, it's not, it's not about creating the, uh, creating a new page. Uh, it's more, it more has to do with working within that, the block that we've already set up.

[01:08:41] **Moderator:** Uh, so once you press here, uh, you've used the settings option to customize it and stuff, but while you were trying to work out, you know, how to customize it. You also press the managed posts here earlier. Yeah. If you remember.

[01:08:59] **Participant 4:** Of course, [01:09:00] I press everything.

[01:09:01] **Moderator:** So yeah, so that's where we need to, to add a new post to from the managed posts option.

[01:09:12] **Participant 4:** So here we,

[01:09:14] **Moderator:** yeah, so now we need to create a new post and I text to it. Just one second because I need to

[01:09:25] Oh, so

[01:09:25] **Moderator:** you, yeah, that's ai.

[01:09:34] **Moderator:** Okay. So, um, yeah. First we need to copy the, the title. Is it here then the body of the article itself based on,

[01:09:45] **Participant 4:** okay. My favorite thing, copy.[01:10:00]

[01:10:00] **Moderator:** Yeah. So you've pasted basically the whole text into the, uh, title field, so that's why it's not working. Oh, yeah,

[01:10:10] **Participant 4:** yeah, yeah.

[01:10:11] **Moderator:** Uh, so that's, oh, yes. Let's get rid of this. You could put, paste it into the body. So paste it here. Yeah.

[01:10:28] **Participant 4:** The dates, uh, I copied too.

[01:10:34] **Participant 4:** You can,

[01:10:35] **Moderator:** yeah, you can move it.

[01:10:52] **Moderator:** Nice. Okay. Lemme just, yeah. And just get rid of this. Um, and then we [01:11:00] also need to add an image to our post. Uh,

[01:11:13] **Moderator:** so, so pick a random image that you wanna add and add it to it? Yeah.

[01:11:19] **Participant 4:** In this one. It good too,

[01:11:21] **Moderator:** up to you. You decide

[01:11:24] **Participant 4:** Okay.

[01:11:37] **Moderator:** To add that image to our, uh, yes.[01:12:00]

[01:12:10] Oh, it's perfect. Yeah,

[01:12:14] **Moderator:** A masterpiece. True masterpiece. And you can publish it if you want. Um, yeah. Let's now let's publish it.

[01:12:26] **Participant 4:** Let's publish. Okay. Yeah.

[01:12:29] **Moderator:** And let's do the same with Article two and Article three I,

[01:12:40] **Moderator:** so we need to create two more.[01:13:00]

[01:13:00] **Moderator:** You keep copying it with that date?

[01:13:03] **Participant 4:** I remove it. Yeah, that's,

[01:13:09] **Participant 4:** well, why not?

[01:13:32] **Moderator:** Okay.

[01:13:35] **Moderator:** Oh, okay. See, it has stable. Nice. And now we need to add a sample image again so you can head back to Google and pick another.

[01:13:46] **Participant 4:** It doesn't matter. Right?

[01:13:47] **Moderator:** Yeah. Anything you fancy see.

[01:13:53] Perfect.

[01:13:56] **Participant 4:** He's just, uh, my spirit animal.

[01:13:59] Absolutely.[01:14:00]

[01:14:03] **Participant 4:** I mean, nice. The man enjoying himself. Why not?

[01:14:08] **Moderator:** He's listening to the music. Okay. That work

[01:14:30] **Moderator:** Nice. Perfect. Yeah, we can publish that too. And the third article,

[01:14:40] **Moderator:** which is live show reports. And the[01:15:00]

[01:15:05] **Participant 4:** Hello? Yes.

[01:15:58] **Moderator:** Nice. [01:16:00] Very good. Can double as well.

[01:16:06] **Moderator:** There we go. We've got our three articles, so if you close this dashboard mm-hmm. You'll be able to see how, how they're looking on your website. Uh, you can close this, uh,

[01:16:21] this, yeah. Okay.

[01:16:28] Oh yeah.

[01:16:31] **Moderator:** Uh, let's just.

[01:16:39] **Moderator:** Block page. Yeah, there. Here.

[01:16:46] **Participant 4:** I think it's amazing,

[01:16:49] **Moderator:** isn't it? Especially the second one. Yes.

[01:16:52] **Participant 4:** Yes. This one is my best friend now.

[01:16:56] **Moderator:** Okay, well that's all [01:17:00] for task four and the final task, which is task five working, has to do with finalizing your homepage. So you have now decided to make your homepage functional by adding some presentable snippets from your book popularity homepage with some presentable elements from your book and or any text or images you wish to include.

[01:17:22] **Moderator:** A short introduction and whatever else you would expect to see on the homepage. And then publish your.

[01:17:32] **Moderator:** Add some elements from the blog, uh, to the home page. Yeah. We have to go back.

[01:17:38] **Participant 4:** This is my homepage and it looks so boring.

[01:17:42] **Moderator:** Yeah. And I'm gonna make it look bit more interesting, a bit more engaging.

[01:17:49] **Participant 4:** Okay.

[01:17:50] **Moderator:** So

[01:17:51] **Participant 4:** I can use, is this one I can use this right? Or

[01:17:57] **Moderator:** you can use this. Yeah, it's fine. [01:18:00] Uh, but you also need to, uh, after you add this, if you want add it, it's fine.

[01:18:08] **Moderator:** But you also need to add, uh, like some blog elements to your homepage. So yeah, you can use it basically. 'cause you can add any sort of text images to your home page.

[01:18:21] **Participant 4:** Mm-hmm.

[01:18:26] **Participant 4:** Okay.

[01:18:27] **Moderator:** You might wanna welcome people to your website. Yeah, yeah. Like, and it's even using your killers.

[01:18:33] This one is cute.

[01:18:35] **Moderator:** Yeah.

[01:18:39] You know.

[01:18:43] **Moderator:** Um, so below that, um, we might wanna add,

[01:18:51] **Moderator:** um, some blog elements, like short snippets from your blog. Let's say, uh, just a view of your [01:19:00] latest posts or anything.

[01:19:02] **Participant 4:** Oh yes. Uh,

[01:19:04] **Moderator:** that would be useful for homepage.

[01:19:07] **Participant 4:** This one, or,

[01:19:11] **Moderator:** I dunno. You tell me how to do it.

[01:19:15] **Participant 4:** Well, I like it. So why not?

[01:19:43] **Participant 4:** Good.

[01:19:45] **Moderator:** Yeah. So we don't have any categories or tags, but, uh, the first two sections here. Yes. Uh, the first three actually will do a good job. It's up to you what you wanna add. Oh.

[01:19:56] **Participant 4:** Recent posts.

[01:19:58] **Moderator:** You can also do that.[01:20:00]

[01:20:03] **Participant 4:** This one. Good. What happened? Oh, oh, it's perfect in my mind here. Okay. Yeah.

[01:20:14] **Participant 4:** Okay. Now,

[01:20:21] **Moderator:** because you, if you wanna customize anything, feel free to.

[01:20:54] **Participant 4:** It is perfect.[01:21:00]

[01:21:00] Okay. Um,

[01:21:02] **Moderator:** uh, the very, uh, last step is to publish your,

[01:21:10] **Participant 4:** um, wait a second.

[01:21:19] **Participant 4:** I'll publish it. Okay. Uh, here, right?

[01:21:23] **Moderator:** Yeah.

[01:21:25] **Participant 4:** Okay, because my letter is going crazy, I need to publish everything.

[01:21:31] **Moderator:** Oh, okay. And from here you can view your final product, your masterpiece.

[01:21:41] **Moderator:** Okay. Oops, sorry. No, no, no. Not that. Yeah, there's your website. Fully function. Good. Perfect. Uh, by the way, I would advise you to plug your laptop in, uh, and maybe not, not at the moment, but yeah, it's
[01:22:00] fine.

[01:22:00] **Participant 4:** Yes, because I don't know where to put it right now. Ah, okay.

[01:22:04] **Moderator:** That's fine.

[01:22:05] **Participant 4:** We'll watch the battery. Yes.

[01:22:09] **Moderator:** Okay. We've got 30%, so it's gonna be enough to review your little masterpiece.

[01:22:16] **Participant 4:** Well, it could be better, but it's not, uh, worth or so bad. It's not a night nightmare though.

[01:22:25] **Moderator:** Yeah. I mean, for, for something that we did in under an hour, it's, it's perfect. Okay. Um, so was that easy? Was that hard? How did you find it?

[01:22:38] **Participant 4:** Well, I'm just, uh, not very good with technologies in it. Uh, or I don't know. It's not, it's not so bad. You helped me a lot, so thank you. I have a good mentor.

[01:22:53] **Moderator:** Okay. Uh, alright, so now we proceed with, uh,
[01:23:00] appendix D, which is the post-test questionnaire. So here you've got
10 statements and you just need to assess, uh, how strongly you agree or
disagree to each one of them from one to five.

[01:23:13] **Participant 4:** Actually, I could try to do another website
sometimes, so Yes, of course I will.

[01:23:23] **Participant 4:** Yeah, let's try.

[01:23:30] **Participant 4:** The system wasn't complex. I was complex, so yes, I
was the problem, it wasn't. Okay. I will, maybe three. Let's be honest, because I
am. I'm terrible. Yeah, too.

[01:23:57] **Participant 4:** Yes. It wasn't so bad.[01:24:00]

[01:24:03] **Participant 4:** Oh, yes, yes.

[01:24:35] **Participant 4:** Um, cumbersome, like, uh,

[01:24:40] **Participant 4:** something which I found difficult, or just

[01:24:45] **Moderator:** one

[01:24:46] **Participant 4:** second.

[01:24:51] **Moderator:** Uh, well, it's kind of, uh, like, um, maybe slow and
[01:25:00] complicated and inefficient to use.

[01:25:03] **Participant 4:** Ah, oh no, it, it was very good actually. It was

[01:25:06] **Moderator:** as in like, like, uh, having to do multiple steps, uh, in
order to achieve a certain thing. Mm-hmm.

[01:25:12] **Participant 4:** Well, there was a lot of. When you find a way, it's
getting easier. So,

[01:25:20] **Moderator:** so you're getting the hang of it?

[01:25:22] **Participant 4:** Yes. Yes. With your help. So I'll put maybe three.
Well, I'm not very confident, but I will try to be. So three,

[01:25:38] **Participant 4:** this one? Yes, three.

[01:25:42] Perfect.

[01:25:44] **Moderator:** And the best of it is for me to do, I've already done this, uh, though, on a separate sheet and I'm gonna attach this to that. Mm-hmm. And what's left is for you to read this.[01:26:00]

[01:26:00] **Participant 4:** Thank you so much.

[01:26:02] **Moderator:** Thank you very much for your time, and I hope you enjoyed the tasks. Did you, did you find them interesting or did you find them. Did I manage to inspire you to, to start your own vlog?

[01:26:14] **Participant 4:** Probably, yes. I find it very, uh, useful. So maybe one day I will try again

[01:26:20] **Moderator:** in the near future. Hello.

[01:26:21] **Moderator:** Alright, well thank you very much. Uh, that was participant four and I'm just gonna stop the recording.

[01:26:30] Okay.
