

P0 - Session Recording - K2336620-CI6315

[00:00:00] **Nikola:** Hello, this is the sample usability testing session for participant number zero. That is myself. Uh, I'm just gonna go to all of the tasks and, um, just test the, uh, flow that I've made with these, uh, five tasks and see how much time that's gonna take me. Hopefully not too long since I've got some experience with, uh, using this.

[00:00:26] **Nikola:** If it takes me a little too long, I might consider just shortening, um, the, the actual tasks. But yeah, let's go. So I've already completed this form. It's a paper form that I've completed, so I'm gonna attach it later and I'm now on the tasks. Uh.

[00:00:55] **Nikola:** Uh, it's 3:00 PM and [00:01:00] 34 minutes. Uh, and I'm gonna start with task one You have considered and decided to start a simple blog for your website, where you tell the stories of your professional studies, access weeks, create an account, and begin creating the first manual non AI generat website on the topic.

[00:01:16] **Nikola:** Chose by homepage with title navigation. So I'm gonna do the, just that this is what it appears when I click, uh, create a new website, I'm gonna set it up without ai. The requirements that I've set,

[00:01:39] **Nikola:** this is gonna prepare my dashboard.

[00:01:45] **Nikola:** So what would I.

[00:01:52] **Nikola:** I know this is not the most original name, but it'll do,
[00:02:00] um, fair knowledge.

[00:02:12] **Nikola:** I.

[00:02:17] **Nikola:** Now I'm heading to my dashboard.

[00:02:23] **Nikola:** So yeah, I need to have access the weeks I've created an account. Um, I've started making my first manual website, uh, and I now need to make as my instructions, I need to make, um, the. With a homepage, with a title and a menu bar. So I'm gonna, as per the requirements, again, it require us choose the templates under blank.

[00:02:57] **Nikola:** Templates start from scratch, so I need to use that.

[00:03:00] There it is.

[00:03:13] **Nikola:** Just give it a second to load.

[00:03:27] **Nikola:** Okay. We don't wanna use ai. Uh, I have to enforce that for. Second tab. Um, and then I just need to add a nice little title

[00:03:49] **Nikola:** over here, and I also need the menu.[00:04:00]

[00:04:03] **Nikola:** So this is task one. This took me three minutes. Just lemme write this quickly. Seven. I'm gonna start with task two, which is about me. So I want you introduce my side visitors to myself so that they know what public, uh, whose publications they're seeing. I'm a.

[00:04:36] **Nikola:** So I can do that. Yeah, I can do that from here. Actually, it's the same thing at a new page. It has to be a blank page.

[00:04:49] **Nikola:** Go, go with about me.

[00:04:53] **Nikola:** Okay. Uh, no, I need to add a sample image, which means I'm gonna.[00:05:00]

[00:05:02] **Nikola:** Just use a sample portrait.

[00:05:13] **Nikola:** I assume I can copy and paste this. No. Okay. I didn't expect to see that I there, but yeah, I can control V instead. That's interesting. So.

[00:05:30] **Nikola:** I don't remember copying this, but anyways, uh, so yeah, I'll need to write this down later. Um, I'll need to add a short paragraph. Let's generate this using g.

[00:05:57] **Nikola:** Yeah, I'm gonna require the participants to generate this text with, [00:06:00] uh, J gd. So just gonna do that. I'm making a computer science

[00:06:21] **Nikola:** just so that we don't confuse. Okay.

[00:06:35] **Nikola:** Okay. This is, oh, it even has my GitHub. Okay. Uh, almost. Um, yeah, it's trying to figure that out, I guess. Uh, it, it's not actually my GitHub, but yeah. That will do. It's a little too long. Uh, yeah. I might have to switch the model, but Yeah, it'll do.[00:07:00]

[00:07:06] **Nikola:** Okay.

[00:07:10] **Nikola:** Sorry for a little interruption. So yeah, this is the About me page. It's all done. It took me two minutes to make it.

[00:07:24] **Nikola:** Now I'm gonna do task three, which is the blog page and customize it. Um, so yeah, uh, set up a blog page that is going to list all the articles you write, change the layout and colors to your liking. Both the articles list page and the individual article page. So need to head to block and there's a little catch with this task because the block has been already generated.

[00:07:50] **Nikola:** So this task has more to do with customizing the look and feel of what we've already got here. So I'm gonna go to layout, [00:08:00] let's change the layout, let's make it tiled. Um, let's change the background of the posts.

[00:08:19] **Nikola:** Select like a little green here. Thank you.

[00:08:27] **Nikola:** Yes. Okay. Now do, and I also need to customize the individual articles page, so that's that.

[00:08:47] **Nikola:** Go through this, uh, background, background. Let's have the green as well.

[00:08:59] **Nikola:** Um, [00:09:00] then I need to write three articles, so I'm just gonna go back to chat to generate.

[00:09:18] **Nikola:** In the meantime, I'm just gonna record

[00:09:27] **Nikola:** me two minutes as well.

[00:09:42] **Nikola:** It's still going, but we can start with Article one.

[00:09:50] **Nikola:** Oops. Uh, article one. Add a new[00:10:00]

[00:10:02] **Nikola:** because my dashboard, so I need to create a new one.

[00:10:09] **Nikola:** There's our title.

[00:10:15] **Nikola:** It's got a code snippet, which is interesting to see. Yeah. Uh, it didn't exactly face the way it's supposed to, but yeah, it's just a sample, so it's gonna do, uh.

[00:10:37] **Nikola:** I'm gonna use some stocking images from the web.

[00:10:42] **Nikola:** I'm gonna pass that over here.

[00:10:47] **Nikola:** Publish. There's our first article out of the way. Let's do the second one.[00:11:00]

[00:11:00] **Nikola:** Got a code snippet again. Yeah, I won't be too bothered to

[00:11:09] **Nikola:** deal with that at the moment.

[00:11:16] **Nikola:** This,

[00:11:24] **Nikola:** okay, this is the second article and whoops.

[00:11:32] **Nikola:** Let's do the third article. Five, debugging Habits That Saved Me in University.

[00:11:48] **Nikola:** Oops. Let's just keep it,

[00:11:55] **Nikola:** um.[00:12:00]

[00:12:00] **Nikola:** Like this image past it here,

[00:12:11] **Nikola:** close this. Go to the blog list.

[00:12:20] **Nikola:** Uh, two of my images are not appearing for some reason. Maybe it's 'cause I didn't wait for them to upload 'cause of that. Let's check. Probably, yeah. Uh uh Yeah, there appears unpublished changes, I think. Yeah. So I need to publish them again. Can we publish them before they uploaded the, so.

[00:12:51] **Nikola:** Publish. Okay. They've all got images now, which means, yeah, [00:13:00] you're seeing exactly what we would expect. So this took me a little longer. It took me four minutes.

[00:13:13] **Nikola:** Which is fine 'cause it has to do with like generating the text in judge PT and copying and pasting everything. So, yeah. And the last task here is to finalize the homepage. So we need to populate a homepage with some presentable elements from your blog or any text. So we just, you wish to include, show introduction.

[00:13:31] **Nikola:** Whatever else you would expect to see on the homepage and then publish the site. So we need to head back to the homepage because it's blank at the moment and we need to populate this with, um, some stuff on our blog. Nice. This looks pretty, um,

[00:13:55] **Nikola:** no, let's add.[00:14:00]

[00:14:19] **Nikola:** I'm also gonna add,

[00:14:27] **Nikola:** what else can I add?

[00:14:32] **Nikola:** Hmm. Let's talk. Let's have a nice discussion

[00:14:48] **Nikola:** and maybe

[00:14:54] **Nikola:** a short paragraph here.

[00:14:59] **Nikola:** I am gonna leave it as [00:15:00] default 'cause we don't actually need to write anything. This is out of the scope of our study here. So, yeah. Uh, I have no idea why this, yeah. Change that. Okay. That's much better. So I'm gonna save and publish this.

[00:15:27] **Nikola:** And let's open it and see how it looks. Okay, there's a home page about me,

[00:15:41] **Nikola:** the blog,

[00:15:45] **Nikola:** and a random post from that block. Uh, okay, lemme write this down. So this took two more minutes.

[00:15:57] **Nikola:** Uh, it's gonna take me a little longer to get the pen
[00:16:00] working, but 49.

[00:16:10] **Nikola:** So let's check how long it took me to do it.

[00:16:18] **Nikola:** Um, it took me only 15 minutes, so I would expect the participants to be able to do it in 45, hopefully. Fingers crossed. Um, I didn't exactly run into any sort of issues doing this, so, yeah, I think I'm gonna stick with these tasks for, and I'm gonna self observation just to check. Um, if I've sort of gotten confused at any point and maybe write some notes on.
