[00:00:00] **Moderator:** Hello. Uh, so this is participant number five for the, um, usability evaluation study of, uh, Wix for first time users. Um, so Hello. Hello. I hope you can hear you well. Maybe not entirely well, but I guess we, if we kind of do.

[00:00:26] **Participant 5:** Yeah, can you hear me? Uh, a little bit. I, yeah, I can hear you, but it's very, it's breaking up a little.

[00:00:31] **Participant 5:** It's kind of muffled. Uh uh Okay. Yeah. I'll try

[00:00:34] **Moderator:** to speak up, uh, a bit louder. Okay. Uh, so we are first gonna start with the participant booklet that I'm giving away to everybody. Uh, yeah, this is the cover page. This is the table of contents, but we are gonna go through everything here. So we're gonna start with the consent form.

[00:00:59] **Moderator:** [00:01:00] Uh, feel free to have a look through it. Um, and if you have any questions, let me know. Please do ask.

[00:01:11] **Participant 5:** Mm, okay. Um, I'll just have a read quickly. Um,

[00:01:46] **Participant 5:** okay. Should I start filling it up?

[00:01:48] **Moderator:** Yeah. Feel free to. Okay. Uh,

[00:01:52] **Participant 5:** yeah.

[00:01:53] **Moderator:** Yeah. If you want to. Okay, thank you. Uh, leave the day out, the [00:02:00] date out for now. And, uh, participant print is just your name.

[00:02:05] **Participant 5:** Um, so I should write my name? Yeah, my full name? Yeah. Like with the second name? Yeah. Yeah. Okay.

[00:02:23] **Moderator:** Okay, thank you.

[00:02:30] **Moderator:** So I don't think we have any option to sign here. I mean, um, you don't have any inking or anything in stuff of it, so I'm just gonna

ask if you consent to, um, to the conditions as set of above and to participate in this study, could you confirm whether you consent?

[00:02:54] **Participant 5:** Yes. Um, I'm trying to think if there is any way that we can sign this, but I'm not sure [00:03:00] Oh,

[00:03:00] **Moderator:** as, as long as you say you consent.

[00:03:02] **Participant 5:** Okay. I consent.

[00:03:04] **Moderator:** Okay. Thank you. Uh, and you're gonna be participant number five, a second.

[00:03:19] **Moderator:** So any of the sections that say to be filled by moderator, that's by myself. Mm-hmm. Uh, uh, for me to do. And the rest of it is for you. Okay. So, yeah. Um, next step is this participant profile questionnaire, if you can fill that out.

[00:03:40] **Participant 5:** Okay. Um,

[00:03:51] **Participant 5:** I'll just type.[00:04:00]

[00:04:12] **Moderator:** As for, uh, question six, there's absolutely no judgment. I mean, that's your personal, uh, entirely your personal impression of,

[00:04:22] **Participant 5:** I would say intermediate because there's a lot of things that you can, you should be able to do before I can almost say advanced. I'm just gonna go with intermediate.

[00:04:31] **Moderator:** Okay.

[00:04:33] **Participant 5:** Uh, how often do I create site?

[00:04:36] **Participant 5:** The websites? Mm, rarely.

[00:04:43] **Participant 5:** Uh,

[00:04:44] **Moderator:** if you haven't used any of them, you can just leave them blank. If you have, do, do mark them, of course.

[00:04:52] **Participant 5:** Um,

[00:04:56] **Participant 5:** so I have used Wix [00:05:00] like, okay, five years ago or something. And I think we used another one, but I can't remember its name. It was similar to Wix performance. I'm just gonna go with Wix. Okay,

[00:05:12] **Moderator:** that's fine.

[00:05:13] **Participant 5:** Um, tried it once.

[00:05:19] **Participant 5:** Oh, okay. So that was

[00:05:25] **Participant 5:** four or five years ago. I'm gonna say just four year. Uh, or should I say that the year like 20 up to one?

[00:05:37] **Moderator:** Yeah, that's.

[00:05:41] **Participant 5:** Uh,

[00:05:42] **Moderator:** yes.

[00:05:43] **Participant 5:** Uh,

[00:05:44] **Moderator:** you can also kind of include PowerPoint here. Uh,

[00:05:49] **Participant 5:** PowerPoint, okay. Yeah. As a design tool.

[00:05:52] **Moderator:** I mean, it's sort of a design tool as well, so, yeah.

[00:05:55] **Participant 5:** Um, could you list which ones and how [00:06:00] confident are you using then? So, okay. Uh, okay. We can just say PowerPoint,

[00:06:09] **Participant 5:** how confident? Mm.

[00:06:16] **Participant 5:** I'm not sure if I should do like a number scale or just say

[00:06:20] **Moderator:** if you want to, you can say, uh, X out of 10 or,

[00:06:27] **Participant 5:** okay. Mm. Maybe six out 10. Okay. And can would be. Eight outta 10.

[00:06:42] **Participant 5:** Uh,

[00:06:43] **Moderator:** any other, or was that,

[00:06:46] **Participant 5:** I can't think of anything else. I've tried Photoshop just once, but it was like one out of 10. I can just type Photoshop. Okay. Because it's, it has a lot of [00:07:00] features and I'm not very familiar with most of them. I can't think of anything else as a design platform. Maybe some kind of like websites for logo creation, but I don't really remember the names.

[00:07:16] **Moderator:** Okay, that's fine. That should be enough.

[00:07:20] **Participant 5:** Okay. Uh, what device are you completing this form from? Um,

[00:07:25] **Moderator:** uh, this is macros?

[00:07:28] **Participant 5:** Yeah. Uh, is that how, yeah, I should write down. I have no idea about the brand model.

[00:07:39] **Moderator:** Um, yeah, you've got this should have a look. Yeah, you've got this about this MAC section.

[00:07:45] **Participant 5:** Um,

[00:07:46] **Moderator:** it's a MacBook here.

[00:07:47] **Moderator:** 2020.

[00:07:49] **Participant 5:** Okay.

[00:07:57] **Participant 5:** 20. 20 or

[00:07:59] **Moderator:** 20, yeah, [00:08:00] 2020.

[00:08:01] **Participant 5:** Okay.

[00:08:07] **Participant 5:** Um,

[00:08:11] **Participant 5:** do you use Accessive technologies, zoom tools, keyboard navigation? Well,

[00:08:23] **Participant 5:** well I don't really like, I have a keyboard, but I would say no.

[00:08:27] **Moderator:** Yeah, because you use your mouse for navigation. Yeah. Okay. Alright. That's fine. And next up, uh, the tasks themselves. So we've got five tasks here that you're gonna perform using Wix. Um, and the instructions for them that apply for all of them, obviously, uh, to try to attempt each task without help unless you get completely stuck.

[00:08:58] **Moderator:** In which case it's completely fine, of course, [00:09:00] to, to ask for help. Mm-hmm. Um, you are encouraged to talk aloud while performing the tasks, communicate any assumptions, expectations, thoughts, and feelings you may have while doing them. And there's no time limits, but if you wanna move on, you can speak up and let them myself know and do not stress if you cannot figure something out.

[00:09:23] **Moderator:** 'cause after all, you are not the one being tested. We're evaluating the system. So, yeah.

[00:09:29] **Participant 5:** Okay.

[00:09:30] **Moderator:** Uh, have you got any questions before we start?

[00:09:33] **Participant 5:** Um, so am I allowed to use, uh, charge GBT or any other kind of Yeah, of course.

[00:09:43] **Moderator:** Yeah. Um, um, I mean, you are allowed to use it for text generation. Mm-hmm.

[00:09:49] **Participant 5:** Okay. Uh,

[00:09:50] **Moderator:** but try not to get too much help for it.

[00:09:52] **Moderator:** Uh, I mean, as in advice on how to do the tasks Yeah. With the functionality. Okay. Yeah. If you need, yeah. Uh, if you [00:10:00] need any help in terms of, uh, you know, trying to, to actually achieve the tasks and the actual functionality of the, the site. I'm here so you can ask me.

[00:10:11] **Participant 5:** Okay. Um, so I'm just gonna start with the tasks one by one.

[00:10:17] **Moderator:** Yeah.

[00:10:18] **Participant 5:** Okay. One by one access weeks, create an account and begin. Yeah.

[00:10:23] **Moderator:** Yeah. The, the first task is called Getting Started. Uh, so you have considered and decided to start a simple blog for your website where you tell the stories of your profession studies, or any hobbies you may have. Uh, so your task is to access Wix first, create an account and begin crafting your first manual, not AI generate that's important out here.

[00:10:43] **Moderator:** Mm-hmm. Uh, website on the topic you chose by making a homepage with the title on the header with a menu for navigation.

[00:10:53] **Participant 5:** Okay. Uh, from the templates, you are only allowed to use the one in black. 10. Yeah. Uh, blank. Okay. [00:11:00] Um, so basically doing it from scratch, uh,

[00:11:17] **Participant 5:** um, so. Should I sign it? Uh, uh, with my personal one? Yeah, that's fine. Okay.

[00:11:27] **Moderator:** That'll do.

[00:11:46] **Moderator:** Mm-hmm. Okay. Oh,

[00:11:48] **Participant 5:** yeah. That, that won't do in this case, uh, but I should be able to, to like create the new project.

[00:11:55] **Moderator:** Yeah. Uh, just let me, let's try and simulate the, [00:12:00] you know, the actual experience once you sign in. Uh, and if you don't have any other side, of course, uh, this is what you're presented with.

[00:12:07] **Participant 5:** Mm-hmm.

[00:12:07] **Participant 5:** Okay.

[00:12:09] **Moderator:** So, yeah,

[00:12:11] **Participant 5:** so create new site.

[00:12:15] **Moderator:** Okay.

[00:12:23] **Participant 5:** Well, there is an AI function. That's nice. Yeah. Uh, okay. So I decided to create, um, so the, yeah, it would be a dance related, um, let's say modern.

[00:12:49] **Participant 5:** Hmm.

[00:12:52] **Participant 5:** Okay.[00:13:00]

[00:13:10] **Participant 5:** What's the name of your business? I have no idea.

[00:13:18] **Moderator:** Uh. Yeah, you can make up any, any sort of name. I

[00:13:22] **Participant 5:** guess

[00:13:23] **Moderator:** for, for the, for your blog,

[00:13:27] **Participant 5:** it's gonna be the, and I'm not gonna put a business address. I don't think that's necessary.

[00:13:36] **Participant 5:** Uh, okay. That's fine.

[00:13:44] **Participant 5:** Uh,

[00:13:52] **Participant 5:** whoa.

[00:13:59] **Participant 5:** [00:14:00] Okay. I'm gonna skip the step.

[00:14:04] **Moderator:** I think we might need to start over. Oh. Thinking with this, uh, with this, uh, yeah. Uh, 'cause on the step where you asked to. Uh, what side of, what type of site you wanna make? Mm-hmm. Uh, 'cause we are making a blog. Uh, there was an option to, you know, to select a blog, but we selected, uh, modern Dancing.

[00:14:29] **Moderator:** Was it? Was it, uh, so that's why, uh, it's asking you all of this stuff. 'cause it's, uh, it's assuming that you're creating a new business. Mm-hmm. Uh, and a business page with, uh, you know, class bookings and stuff. Need to create

[00:14:44] **Participant 5:** a blog.

[00:14:44] **Moderator:** Yeah. Uh, well the, basically the task is, uh, you have considered and decided to start a simple blog for your, uh, for like a website where you create a stories.

[00:14:55] **Moderator:** Uh, okay. Tell the stories. Yeah.

[00:14:57] **Participant 5:** Okay. I was assuming we need to create the
[00:15:00] website first and then create a block to it.

[00:15:03] **Moderator:** Well, it asks you what type of, uh, website you want it to be, but Yeah. Even though you can technically skip it, but I don't know. It's up to you what you wanna do.

[00:15:14] **Participant 5:** Okay. I'll go with the blog just to see what it pop, what's, what's, okay.

[00:15:21] **Moderator:** Just blog. Yeah.

[00:15:23] **Participant 5:** Should I just say dance blog?

[00:15:25] **Moderator:** Yeah, why not? Definitely.

[00:15:38] **Participant 5:** Okay. Uh, I'm gonna go with the same name, but I'm gonna skip the other steps.

[00:15:50] **Participant 5:** Uh,[00:16:00]

[00:16:06] **Moderator:** okay. Uh, so we've created, uh, an account. We've started, uh, creating our website, uh, the topic we chose. So now we need to make a homepage with the title and head of for, uh, with a menu for navigation.

[00:16:24] **Participant 5:** Mm. Sorry, can you please repeat? We need to create a homepage.

[00:16:29] **Moderator:** Uh, just one second. I sh maybe I should have opened this.

[00:16:35] **Moderator:** Um, so we've done everything up until this point,

[00:16:42] **Participant 5:** like a Okay. A homepage with the title. So

[00:16:44] **Moderator:** you to create a homepage with the title and a head with the megaphone. Navigation.

[00:16:48] **Participant 5:** Okay. Uh, homepage. Mm. Okay.[00:17:00]

[00:17:00] **Participant 5:** Ooh, I'm just having a look. Mm.

[00:17:11] **Participant 5:** Okay.

[00:17:19] **Participant 5:** Uh, should I pick a template? Yeah. Or should I? Okay.

[00:17:29] **Moderator:** And as per the instructions from the templates, you are only allowed to use the one in blank templates start from scratch. So there's a section blank templates start from scratch. There's that section.

[00:17:44] **Participant 5:** Okay. Got it.

[00:17:47] **Moderator:** Uh, it's the start from scratch form.

[00:17:49] **Participant 5:** Mm-hmm.

[00:17:52] **Moderator:** The first one.

[00:17:55] **Participant 5:** Oh, okay. Okay.[00:18:00]

[00:18:01] **Participant 5:** I don't think I've ever started from scratch using,

[00:18:07] **Participant 5:** um.

[00:18:35] **Moderator:** So it's prompting us with AI stuff again. So how to close that.

[00:18:42] **Participant 5:** Okay.

[00:18:43] **Moderator:** So now we need to add, um, by the way, have you got any indication of, uh, what page we are currently on?

[00:18:52] **Participant 5:** Sorry, what page?

[00:18:54] **Moderator:** Have we got any sort of indication of what page currently on [00:19:00] what we're looking at?

[00:19:05] **Participant 5:** On what we are looking at?

[00:19:07] **Moderator:** Yeah.

[00:19:08] **Participant 5:** Oh,

[00:19:10] **Moderator:** the page we,

[00:19:11] **Participant 5:** um, like, well, um, the homepage?

[00:19:17] **Moderator:** Yeah. Uh, where, how can you tell that

[00:19:21] **Participant 5:** by

[00:19:21] **Moderator:** Yeah.

[00:19:22] **Participant 5:** This,

[00:19:23] **Moderator:** okay. So think here. So we are, yeah. Perfect. So we in the, on the homepage, and so we've made it, but we need to add a title and a menu bar for navigation to the handle.

[00:19:37] **Participant 5:** Do we have any specification what the, um, the bar would include, like about me page and, uh, like contact page for now?

[00:19:49] **Participant 5:** Or it's just

[00:19:51] **Moderator:** for now, just add the title, uh, to the website that's named after your website, which is, um, was it, uh, [00:20:00] Vance. Vance? Yeah.

[00:20:02] **Participant 5:** Okay. Um.

[00:20:06] **Moderator:** Pick anything you fancy from here.

[00:20:09] **Participant 5:** Um,

[00:20:15] **Participant 5:** I get very bad when I have to choose, uh, a style of my writing because I have no idea which one, but let's go with this one. It's a bit, it's not that fancy, but it's gonna do the job. Okay. Um, oh, you can change the font. Hmm.

[00:20:43] **Participant 5:** Um,

[00:20:48] **Participant 5:** okay.[00:21:00]

[00:21:02] **Participant 5:** So.

[00:21:05] **Moderator:** So what we're aiming to achieve here is to have the classic, uh, website layout where you've got the page title, uh, the website title actually, uh mm-hmm. At the top left corner and at the top right are menu where you can navigate, uh, between the web pages.

[00:21:24] **Participant 5:** Okay. Uh, so are we able, um, are we able to move this?

[00:21:33] **Participant 5:** Okay. Uh, so we wanna have this

[00:21:40] **Moderator:** at the left, the, in the header? Yeah.

[00:21:45] **Participant 5:** And then like a menu bar here

[00:21:51] **Moderator:** right next to it.

[00:21:59] **Participant 5:** [00:22:00] Nothing. I really don't like how it looks. Looks so plain. Um, no, it's terrible.

[00:22:14] **Participant 5:** Why not? Oh, okay. It changed. Okay. I thought I'm not able to change it. Okay. I am gonna go with this color, just 'cause it's okay. That's

[00:22:25] **Moderator:** fine.

[00:22:27] **Participant 5:** Okay. And you want, um,

[00:22:29] **Moderator:** to add a menu for navigation?

[00:22:33] **Participant 5:** Should we just like type menu and

[00:22:41] **Participant 5:** like this?

[00:22:47] **Participant 5:** Or should we just have like the different types of pages that we're gonna create?

[00:22:57] **Moderator:** Um, there's a menu element that you [00:23:00] can add to website that's already like. Done for you. And that's, that always adapts to, uh, depending on what pages you have. So I know there's the manual way of doing it by just creating links for every page, but mm-hmm.

[00:23:16] **Moderator:** It's not very optimal. Okay. So, because you need to update with every time, so.

[00:23:25] **Participant 5:** Hmm.

[00:23:32] **Participant 5:** Okay. I'm gonna leave this for now. Um, yeah. I'm just not sure if I should go with, like, creating a menu here like this, but not like this, but maybe like this, or if we should just do like the different pages and then link it [00:24:00] to the menu. Um,

[00:24:04] **Moderator:** wait, can I have a do the, the not manual way basically, uh, by adding just a proper menu, uh, so that you don't have to add and edit any sort of links and stuff.

[00:24:17] **Moderator:** Uh, you want you want me to do the,

[00:24:19] **Participant 5:** the not manual way?

[00:24:20] **Moderator:** Yeah.

[00:24:21] **Participant 5:** Okay. Uh, wait, uh, can I have a look at the task again?

[00:24:26] **Moderator:** Yeah, that's fine. Uh, it's, it's,

[00:24:32] **Moderator:** it's a bit over here.

[00:24:38] **Moderator:** Yeah. Western Safari.

[00:24:43] **Participant 5:** Uh, it's very annoying. It's here. The Safari app. Yeah. Should this one? Yeah. Uh, you choose by making homepage with a title and a Heather. [00:25:00] With a manual navigation.

[00:25:05] **Participant 5:** Okay. Okay.

[00:25:10] **Participant 5:** No, no. Where is it?

[00:25:19] **Participant 5:** Uh, okay.

[00:25:23] **Moderator:** I think it,

[00:25:25] **Participant 5:** okay. Um, you want me to do it in a manual way? I don't know what, how to do the not manual. There is like the homepage and, and the blog blockage pages. Hmm.

[00:25:53] **Participant 5:** What is this?

[00:25:58] **Participant 5:** Oh, this is okay. [00:26:00] That's the block. Okay. That's some kind of photos and see some, okay. Mm.

[00:26:23] **Participant 5:** Oh, okay. I guess we can use this.

[00:26:28] **Moderator:** Yeah. You found it

[00:26:30] **Participant 5:** as not the manual thing? Yeah. Um, you can

[00:26:35] **Moderator:** pick any design you fancy. Hmm.

[00:26:48] **Participant 5:** Wow. Okay.

[00:26:54] **Participant 5:** Okay. So we need to get rid of this.[00:27:00]

[00:27:04] **Participant 5:** How do I get rid of this one? Um, there should be like, um, delete. Okay. Mm-hmm. Okay.

[00:27:19] **Moderator:** Alright, perfect. Um, well, nearly perfect. Um, 'cause it says, uh, the test description says, um, these have to be in the header of

[00:27:34] **Participant 5:** the

[00:27:34] **Moderator:** website, so

[00:27:36] **Participant 5:** it header Okay.

[00:27:38] **Moderator:** Just, yeah.

[00:27:39] **Participant 5:** Okay, great. Right. Yeah,

[00:27:43] **Moderator:** that's the right.

[00:27:45] **Participant 5:** Um,

[00:27:51] **Participant 5:** I want to make this bigger,

[00:27:52] **Moderator:** uh, what's happening in the lower left corner.

[00:27:56] **Participant 5:** Uh, sorry. Oh, section. [00:28:00] Okay. Okay.

[00:28:00] **Moderator:** Yeah.

[00:28:06] **Moderator:** Perfect. Uh, so that's all task one.

[00:28:15] **Participant 5:** Okay. Should I, oh, its very annoying, this thing. Um, okay. Did I go, um, to the second one?

[00:28:25] **Moderator:** Yeah. Uh, so task two is about we, uh, you have considered, uh, sorry. You want to introduce your site visitors to yourself so they know whose publications they're seeing. So what you need to do is add a simple about me page using the blank template and a sample image.

[00:28:46] **Moderator:** This could be either yourself or a documenter of a person online. Um, I would say use this document person online. Online. And, uh, some text about you. Um, we've already [00:29:00] generated that with GBT, so you can just go with that. Um, and yeah, basically, uh, the main ideas, uh, have like a, a little portrait on the left and on the right, um, some text about you.

[00:29:17] **Participant 5:** Okay. And for that we need to

[00:29:19] **Moderator:** create a new page, which is gonna be called about you.

[00:29:26] **Participant 5:** Okay. Um,

[00:29:34] **Participant 5:** so, uh, I should go with the blank page. Yeah. Okay. Um.

[00:29:57] **Participant 5:** Uh, [00:30:00] wait.

[00:30:08] **Moderator:** So we need to add an image, uh, for that we might want to google like portraits, sample portrait.

[00:30:19] **Participant 5:** Okay. Um, I'm just going to do Okay. We can go, we can start with the portrait. Um, just portrait.

[00:30:29] **Moderator:** We do?

[00:30:32] **Participant 5:** Yeah. I'm just

[00:30:37] **Participant 5:** image. Oh wow.

[00:30:50] **Participant 5:** Am I the one pressing it or you are the one pressing it. Because it feels like someone's, or it might it be just my keyboard being
[00:31:00] very sensitive. Okay. I like this one.

[00:31:05] **Moderator:** Okay. We can use that.

[00:31:07] **Participant 5:** Um,

[00:31:13] **Participant 5:** can I just copy it and paste it? Like, um

[00:31:29] **Participant 5:** Okay.

[00:31:40] **Participant 5:** But that's like the, the, okay. Okay. I was just about to say, is that the homepage? But it's, it's fine. It's the right page. Uh, okay. So cool. And we've got,

[00:31:51] **Moderator:** uh.

[00:31:54] **Participant 5:** Sorry.

[00:31:56] **Moderator:** We've also got the texts they charge you. [00:32:00]

[00:32:00] **Participant 5:** Yeah. Um, well, yeah, I've already generated some texts.

[00:32:09] **Moderator:** You can even include the emoji secure. Yeah,

[00:32:12] **Participant 5:** yeah. I'm gonna copy them. I'm not sure if I should go with the, it, it's like a letter style thing, but I guess it's okay. Uh, add,

[00:32:25] **Participant 5:** uh, text,

[00:32:30] **Participant 5:** no, that's title, paragraph. What is this? Text month. Wow. Okay.

[00:32:40] **Moderator:** Fancy text.

[00:32:42] **Participant 5:** Uh, yeah.

[00:32:45] **Moderator:** We can use this Thursday too. Uh, and now we can use the paragraphs.

[00:32:50] **Participant 5:** Yeah, this one looks fine.

[00:32:55] **Moderator:** That we're not linking a full article. [00:33:00]

[00:33:00] **Participant 5:** Was that the button? Do expand. Oh, I'm just gonna go with this. Okay. And because we're gonna pay paste the whole, like, text here anyways, so we don't need to link it. Uh, read more, um, read this. Okay. Change design.

[00:33:34] **Participant 5:** Oh wow. Okay. No, um, that's for the

[00:33:38] **Moderator:** people using assistive technologies, you know? Yeah. I was just

[00:33:42] **Participant 5:** curious how.

[00:33:47] **Participant 5:** How, um, easy it's gonna be to like, just swipe it and how sensitive it's gonna be to, would that change to, okay. No, I'm just going, let's see if I can change the, [00:34:00] the color because why not make it harder to read or like, okay. Maybe go with the blue 'cause she has like a blue jacket or something.

[00:34:18] **Participant 5:** Mm. Okay.

[00:34:27] **Participant 5:** Okay. I am just gonna apply this one. It's not the same, but we'll go with this. Um, and then

[00:34:38] **Participant 5:** why is it not, why is it, so I want to have a more, like more of the text showing. And it's such a small, it's collapsible text. Yeah, it is, but I don't know. It's so small. Okay. Or should I just not like show it all without, [00:35:00] are we able to do that?

[00:35:05] **Participant 5:** No. Are we not? Should we should be able to do that? Maybe not. Not within this element.

[00:35:16] **Participant 5:** Okay. That's okay. That's fine. Yeah, I'll leave it like that.

[00:35:21] **Moderator:** I mean, uh, if we preview the person read more.

[00:35:26] **Participant 5:** Yeah. Yeah. It doesn't look that bad.

[00:35:27] **Moderator:** Still good. The whole thing. Um, okay, so that's all for task two

[00:35:38] **Moderator:** and we can move on to task two now.

[00:35:46] **Participant 5:** Hmm.

[00:35:47] **Moderator:** And that is add the block page you have now set? Yeah. Yeah. You have now set up most of the basic functionality of your website and you're ready to make the main thing, [00:36:00] the block where you're gonna write your articles. Uh, so what you need to do is you need to set up the blog page, uh, that is going to list all of the articles you write.

[00:36:10] **Moderator:** Um, you need to change the layout and the colors to your liking, um, of both the articles list page and the individual article page.

[00:36:22] **Participant 5:** So we're gonna do a page showing all of the articles and then different pages with different articles in it.

[00:36:46] **Participant 5:** Or should we just do, uh, can you hear me? Yeah. Yeah. Okay. Um, set up the blog page that is going to list all the articles you

write, [00:37:00] change the letter and the, and colors to your liking of both articles, this page and then your article page. But how many articles do we need to create or is just like one article and one list of the articles?

[00:37:15] **Moderator:** Um, you don't need to create multiple pages for multiple articles. That's all. All I can say, it's just one page. And all articles are basically gonna, uh, follow the rules, the design rules that you set in that one page.

[00:37:30] **Participant 5:** Mm-hmm. Yeah. Okay. Uh, one blog page there is going to list all the articles. Okay. So, um, I don't know why.

[00:37:40] **Participant 5:** So

[00:37:41] **Moderator:** there is, yeah, there is a little catch with this task. Uh, so since you selected blog, now when you created your page, the blog has been automatically created for you. So this task, yeah. So this task more has to do with, uh, customizing what you already have here generated [00:38:00] for you. Uh, so if you want to, you can style this by changing the layout a little bit to your liking and then changing some of the colors, like, let's say the background color of the, uh, articles themselves.

[00:38:15] **Moderator:** Because at the moment it's just plain white.

[00:38:19] **Participant 5:** Okay. Um,

[00:38:28] **Participant 5:** actually.

[00:38:32] **Participant 5:** I am just going now. Mm.

[00:38:41] **Participant 5:** I'm trying to see if I can edit this text here, but not just the design, but the text itself and I should be able to,

[00:38:52] **Moderator:** I mean, you don't need to, uh, all posts is descriptive enough for what we're seeing, so

[00:38:59] **Participant 5:** [00:39:00] Well, yeah, but it's just, I don't know why I got curious if I can do it. Um,

[00:39:06] **Moderator:** let's try and change the layout and the

[00:39:09] **Participant 5:** colors maybe.

[00:39:12] **Participant 5:** Okay. Okay. So it be okay. Got it. So,

[00:39:20] **Participant 5:** um.

[00:39:32] **Participant 5:** Okay, but how do, just the layout,

[00:39:38] **Participant 5:** how's that stretch plugins? So we used to have this design thing like, um, that's, that's popping up saying design page or something and I can't see it here. Oh, [00:40:00] okay. Uh, is

[00:40:16] **Participant 5:** okay. It is just the.

[00:40:28] **Participant 5:** Okay. We can make it not overlapping, I guess It's not much of a difference. Hmm. Uh,

[00:40:43] **Participant 5:** I feel like a grandma trying to use a computer for the first time. Yeah. I don't know why I'm so proud about this. I feel like it's right in front my face and I can't find a way to, to, to change it. Uh, okay. We have [00:41:00] um, to display which element.

[00:41:07] **Participant 5:** Okay. So we do have the image. Yeah. It's good that there's image 'cause it's going to like. Boost engagement and the title and description of, okay. Can we do like another element? Um,

[00:41:24] **Moderator:** no. Uh, the task is more about, uh, changing what we already have here.

[00:41:30] **Participant 5:** Well, we already, we have most of it. I'm not sure what we can change

[00:41:36] **Moderator:** the layout of what we're seeing and, uh, the colors of,

[00:41:41] **Participant 5:** um, layout

[00:41:52] **Participant 5:** well,

[00:41:56] **Participant 5:** um,[00:42:00]

[00:42:04] **Participant 5:** maybe like this,

[00:42:09] **Participant 5:** do you need an effect or that's just gonna look stupid. Okay. That looks very bad.

[00:42:25] **Participant 5:** Okay. I'm just gonna leave it like this. Wait. There is a delay when I click it. Okay. I like this one. It's the most fancy one. Um, just going. Mm,

[00:42:45] **Participant 5:** why not? Oh, it's, it's, it doesn't look good like this 'cause it's, uh, container books.[00:43:00]

[00:43:13] **Participant 5:** Um,

[00:43:18] **Participant 5:** color.

[00:43:22] **Participant 5:** Okay. Just be consistent with the color of the, we're not very consistent with this header here, but whatever. Um, is there anything that I need to do here, like in terms of, 'cause I'm not sure if, um, I can,

[00:43:55] **Moderator:** yeah, that's one of the things that was the [00:44:00] Google.

[00:44:00] **Participant 5:** Oh, okay. Well, I like the way, I like the way that they, that this was um, generated like automatically, but I'm just gonna change it to magazine 'cause it looks nice. What is that navigation? Mm. But category

[00:44:22] **Moderator:** of the posts themselves.

[00:44:23] **Participant 5:** Mm-hmm.

[00:44:36] **Participant 5:** Display. Maybe we don't need to like, we can just keep the view counter publish date reading time category info. Okay. Um, what was that? Okay.[00:45:00]

[00:45:17] **Moderator:** Can you change the color of the posts themselves?

[00:45:22] **Participant 5:** Uh, you mean the text?

[00:45:24] **Moderator:** Uh, no, uh, because at the moment, uh, if you can see the, the images are kind of tinted in gray slash black.

[00:45:37] **Participant 5:** Uh, so really the images are,

[00:45:40] **Moderator:** yeah. 'cause they, uh, they're not as bright as, uh, they were with the previous layout. And this is a color that you can change.

[00:45:48] **Participant 5:** Okay.

[00:45:50] **Moderator:** So you can make it much your style. Um, so these are the posts things,

[00:45:55] **Participant 5:** are they not What, what, what does that do? Background. [00:46:00] Color.

[00:46:01] **Moderator:** So you've selected navigation.

[00:46:03] **Participant 5:** Hmm. Yeah.

[00:46:04] **Moderator:** Yeah. But it's, it's the posts that we want to change. Yeah.

[00:46:14] **Participant 5:** Yeah. But, oh, okay.

[00:46:20] **Moderator:** So you can pick any color for this.

[00:46:23] **Participant 5:** They look, so I'm natural. Okay. Uh, next color. You can also pick

[00:46:30] **Moderator:** a, like a different color for this.

[00:46:33] **Participant 5:** Like, whoa. Okay. No, no, no. Yeah.

[00:46:36] **Moderator:** But, uh, then you can adjust. Its, uh, where's like that you can adjust Its transparency.

[00:46:45] **Participant 5:** Yeah. But it still doesn't look right. It's maybe, I don't know.

[00:46:55] **Participant 5:** So keep it like this. Or like at least [00:47:00] this one.

[00:47:05] **Participant 5:** Okay. But why is it not changing?

[00:47:08] **Moderator:** Uh, because you're selecting a different option here. That's, this is text color and how, how this is the overlay color. Okay. Okay.

[00:47:16] **Participant 5:** Okay. Yeah. Right. No, it, it looks even worse.

[00:47:22] **Moderator:** You can, uh, use the darker glue that you created earlier.

[00:47:26] **Participant 5:** No, I'm just gonna keep, uh, keep it the way it was.

[00:47:31] **Participant 5:** Yeah. Um, I'm not sure if it's gonna look good with this one

[00:47:38] **Moderator:** kinda window into

[00:47:41] **Participant 5:** maybe like a little lighter, maybe like this.

[00:47:48] **Moderator:** Alright. And we also need to change the, um. The colors of an individual post. So at the moment, we've customized the post list, [00:48:00] so we now need to open a, like an individual post or article and

[00:48:07] **Participant 5:** Okay. So manage post posts,

[00:48:16] **Participant 5:** is that what you mean? Or

[00:48:26] **Participant 5:** wait, uh, you said we need to change the posts.

[00:48:33] **Moderator:** Yeah, the, basically the, the colors we need to customize the way that, that they look and appear on.

[00:48:43] **Participant 5:** From here, they wouldn't show like the ones that were already, and if I say create a post,

[00:48:52] **Moderator:** this is for a later task, so don't worry about that. For that go the sample once. How

[00:48:59] **Participant 5:** am I [00:49:00] able to access them though?

[00:49:05] **Participant 5:** Post page. Yeah, that's the post page.

[00:49:11] **Moderator:** Uh, I would give it one second. Yeah.

[00:49:16] **Participant 5:** Hmm.

[00:49:17] **Moderator:** There it is. This is a, an Indi individual post page.

[00:49:22] **Participant 5:** Okay. So if you

[00:49:23] **Moderator:** scroll down, this is like the post itself opened,

[00:49:31] **Moderator:** so you can customize that.

[00:49:41] **Participant 5:** Okay. Um,[00:50:00]

[00:50:01] **Moderator:** it's, uh, it's similar to how you customize the, the other page. Do you remember what you did?

[00:50:11] **Participant 5:** Mm. Added some section elements. Sections.

[00:50:17] **Moderator:** No, that's, that's adding, uh, another element. Uh, we need to customize what we already have.

[00:50:25] **Participant 5:** Um, okay.

[00:50:32] **Participant 5:** I, I don't think I remember. I did, uh.

[00:50:38] **Participant 5:** But how do we, why? I don't know. Why wouldn't let me, um,

[00:50:48] **Participant 5:** change the text and, and, uh, well I can change the main things in the design here, which is nice. I guess we can change some of it here. Um,[00:51:00]

[00:51:04] **Participant 5:** and then do No, I think to, okay. Need

[00:51:09] **Moderator:** this. And how can we change the background of the, of the post?

[00:51:14] **Participant 5:** Uh, the background? Um,

[00:51:16] **Moderator:** yeah, maybe the, the color.

[00:51:19] **Participant 5:** Okay. I need to find a way to do that. Uh,

[00:51:27] **Participant 5:** maybe, maybe I'm not looking at the right place.

[00:51:35] **Participant 5:** Is it here? By changing the background.

[00:51:51] **Participant 5:** Okay. Standard page number. Not here.

[00:51:56] **Moderator:** I'm just gonna give you a call when you said I'm not looking [00:52:00] at the right place. You were actually looking at my place here.

[00:52:04] **Participant 5:** Here. You mean the settings here?

[00:52:06] **Moderator:** Yeah.

[00:52:08] **Participant 5:** Why am I not seeing it then? Uh, what are related posts? Okay. What shows on your post? Okay, so there's the writer name.

[00:52:23] **Participant 5:** Do we need the writer name? 'cause it's gonna be my blog, so there's gonna be me. It's up to you. Okay. I'll put the red in name 'cause it looks weird. Uh, the other way post title last, let's change

[00:52:37] **Moderator:** the color of the background.

[00:52:39] **Participant 5:** Yeah, the background. I have no idea when the back Oh, okay. Sorry there. Um, yeah. Um[00:53:00]

[00:53:01] **Participant 5:** hmm.

[00:53:03] **Moderator:** So this is changing the border above it. Oh, sorry. The back. Uh, this is changing the color of the border around the post.

[00:53:13] **Participant 5:** Yeah.

[00:53:13] **Moderator:** Yeah. Uh, what about the actual background?

[00:53:16] **Participant 5:** Okay. You want to change the actual background? Um,

[00:53:25] **Participant 5:** is this how we change it?

[00:53:29] **Participant 5:** Brown color.

[00:53:41] **Participant 5:** What is that?

[00:53:58] **Participant 5:** Hmm. [00:54:00] Maybe like this.

[00:54:01] **Moderator:** So,

[00:54:01] **Participant 5:** but it looks so bad with this board anyway.

[00:54:05] **Moderator:** Uh, yeah, I was more meaning like the, uh, color of the, uh, posts specifically. 'cause this is changing the color of the whole website.

[00:54:14] **Participant 5:** Okay. Um.

[00:54:24] **Participant 5:** Post background.

[00:54:26] **Moderator:** Yeah, there it is.

[00:54:28] **Participant 5:** Okay. I'll keep it that way for, okay. What is that area? Oh, the, okay. Yeah, we can change the area as well. Text color.

[00:54:42] **Moderator:** Okay, let's, yeah,

[00:54:44] **Participant 5:** I'm gonna leave it like this.

[00:54:46] **Moderator:** That's everything for task, uh, three.

[00:54:58] **Moderator:** And we can move on to task four [00:55:00] now, which is what, three articles. So now we're gonna use, uh, multi text that we got, uh, from GBT. Uh, so you have now decided to populate your vault with some sample articles to see how it works. Uh, so what you need to do is to add three articles with some sample text images.

[00:55:21] **Moderator:** You can get the images from Google and from and from convenience. You can use chat PT to generate the body of text for these three article.

[00:55:30] **Participant 5:** Okay. Um, okay, so we

[00:55:33] **Moderator:** need to add an article,

[00:55:38] **Participant 5:** right? That that's, um, I found it somewhere.

[00:55:44] **Moderator:** Yeah, you opened it a few times already.

[00:55:47] **Participant 5:** Yeah. No, but now I not here manage posts,[00:56:00]

[00:56:02] **Participant 5:** create a post.

[00:56:06] **Participant 5:** Um, yeah,

[00:56:07] **Moderator:** there we go. So we, um, I would advise you to just try to do it.

[00:56:20] **Moderator:** Okay. Uh, yeah, we can do d old fashioned later. Uh, let's go down to the actual post. So these are the titles of the posts? Yeah, these are the, this is the main model.

[00:56:37] **Participant 5:** Okay.

[00:56:44] **Participant 5:** Oops.

[00:56:51] **Moderator:** And we also need to add an image. Uh, so for that, um,[00:57:00]

[00:57:00] **Moderator:** we can just send,

[00:57:06] **Participant 5:** uh, I was just want speak any, yeah, I just wanted to see what, uh, the evolution of code. Okay. Um, you can search.

[00:57:15] **Moderator:** Contemporary does, it

[00:57:16] **Participant 5:** doesn't really matter, but, um, yeah, up

[00:57:19] **Moderator:** to you. Okay,

[00:57:21] **Participant 5:** let's go with this one. Um,

[00:57:29] **Participant 5:** I should be able to paste it right away as well. Uh, okay. At gallery video divider.

[00:57:44] **Moderator:** Did you try pasting it?

[00:57:47] **Participant 5:** Uh, not yet. Uh, but yeah, maybe I should, but I just don't want it to past, like in the middle of nothing,[00:58:00]

[00:58:00] **Participant 5:** but I can Ooh. Why is it such low quality?

[00:58:06] **Moderator:** Uh, because we might have needed to open it here to load the, uh, to load the whole thing. Yeah. And then copy.

[00:58:17] **Participant 5:** Let me just delete this and paste it.

[00:58:24] **Participant 5:** That's better. Yeah. Better done the best, but it's okay. Um, should we change, like the layout?

[00:58:31] **Moderator:** Uh, no, that's enough. You can publish this and do the next blog post.

[00:58:39] **Participant 5:** Okay. Uh, okay. I'm going to leave this one. Maybe like, okay. It's nice that this is similar to Word, so it's quite straightforward on how to use it.

[00:58:52] **Participant 5:** Um, let's publish this. Okay. Um, publish.[00:59:00]

[00:59:06] **Moderator:** Okay. Uh, this, and now we need to create two more.

[00:59:19] **Participant 5:** Um,

[00:59:40] **Participant 5:** this posts are so, um, like short. I was expecting like a longer Yeah. Paragraph. Um, ooh,

[00:59:57] **Participant 5:** my mistake. Uh, [01:00:00] I'm gonna go with this one if there's some Nah. Oh, they all have like a. I think most of them have some kind of, this one doesn't. Okay.

[01:00:19] **Participant 5:** Hmm. I'm just gonna try this thing here.

[01:00:34] **Participant 5:** Hmm. Or maybe it's just gonna be more complicated because it's gonna search. Oh, we can search, shut the log from here right away. That's very convenient.

[01:00:52] **Participant 5:** Um, okay. Maybe we can use this feature then.

[01:00:57] **Moderator:** Yeah, that's fine.[01:01:00]

[01:01:01] **Participant 5:** Why? Um,

[01:01:06] **Participant 5:** okay. Oh no, they, okay. Are there any free ones?

[01:01:13] **Moderator:** Not really. This is, this is Shutterstock, so No.

[01:01:18] **Participant 5:** Okay. Because there are some free ones here. Maybe this one.

[01:01:25] **Participant 5:** Okay.

[01:01:32] **Participant 5:** At page.

[01:01:35] **Moderator:** Okay.

[01:01:35] **Participant 5:** Okay,

[01:01:38] **Moderator:** good. Let's publish this.

[01:01:48] **Participant 5:** That doesn't matter

[01:01:48] **Moderator:** too much. Let's, let's just publish this.

[01:01:51] **Participant 5:** Okay.[01:02:00]

[01:02:03] **Moderator:** Uh, third one.

[01:02:25] **Participant 5:** I'm just gonna use this image here

[01:02:29] **Moderator:** again, if you used it,

[01:02:32] **Participant 5:** we, we used a different one.

[01:02:34] **Moderator:** I think we used this one for the first.

[01:02:38] **Participant 5:** For the first one?

[01:02:39] **Moderator:** Yeah.

[01:02:42] **Participant 5:** No, I think for the first one we used. Okay. I'm I choosing another one? Think for which one? We, we use this one and then we use the Unsplash image. Oh yeah. Oh yeah, yeah.

[01:02:52] **Participant 5:** But that's fine. Now it doesn't really matter.[01:03:00]

[01:03:06] **Moderator:** Okay. That will do, let's publish this.

[01:03:14] **Participant 5:** Mm. Which disruptive, but we don't have much text, so there's nothing much to wrap. Okay. I'm just gonna publish it. That's,

[01:03:22] **Moderator:** that's enough.

[01:03:24] **Participant 5:** Okay.

[01:03:25] **Moderator:** Okay. And if you close this now, you'll be able to see,

[01:03:35] **Moderator:** um, if you go to the page where you got your blog.

[01:03:44] **Participant 5:** Mm. Okay. Yeah. So it, um, shows the, the one posted last, which is nice.[01:04:00]

[01:04:02] **Moderator:** You out to load?

[01:04:07] **Moderator:** Okay, let's save this.

[01:04:14] **Moderator:** Let's refresh again. Let's step in. For some reason

[01:04:37] **Participant 5:** it looks awful. Just the way I started with the brown arty, like red colors and then the blue ones.

[01:04:47] **Moderator:** No, it's, it's. Interesting. It's different. So, yeah. Alright, well this is everything for task four and we've only got one task left. [01:05:00]

[01:05:01] **Participant 5:** Okay. Uh, lemme just five.

[01:05:12] **Participant 5:** Okay. Um,

[01:05:15] **Moderator:** so we've only done the stuff that we needed to do for the blog. Mm-hmm. But our homepage, if you remember, is still blank. Um

mm-hmm. Excluding the head of course. So what we, um, you have now decided to, uh, make your homepage functional by adding presentable snippets from your blog. Uh, so your task is to populate your homepage with a presentable element from your blog and any text or images you wish they could, maybe a short introduction or whatever else you would expect to see on a homepage, and then publish your site.

[01:05:50] **Participant 5:** Okay. So presentable elements from your blog or any text or images you wish to include, a short introduction. Okay. [01:06:00]

[01:06:01] **Moderator:** Um, we can also, uh, use those face texts. The we, uh, saw earlier, the one about the, with the emojis and, uh, no, no, no.

[01:06:12] **Participant 5:** Yeah. Okay. Um,

[01:06:16] **Moderator:** there's a home page.

[01:06:21] **Moderator:** Uh, this text, my keys, this one. Oh,

[01:06:26] **Participant 5:** okay.

[01:06:28] **Moderator:** If you want to, you can add like a little slogan to your website.

[01:06:33] **Participant 5:** Uh,

[01:06:38] **Participant 5:** okay. We can go with who?

[01:06:45] **Participant 5:** Inch text. Hello. Future? No, it wouldn't be a futurist. It would be a dancer now. So Hello Dancer?[01:07:00]

[01:07:10] **Participant 5:** No, actually I don't think I'll change the media because this looks fine. Oh no. Keep it like this. Um,

[01:07:24] **Moderator:** okay, uh, coming Now add a blog element. So this can be like, for example, a list of recent posts or maybe just the latest post up to you.

[01:07:39] **Participant 5:** Yeah, I'm just trying to see how we can do that.

[01:07:48] **Participant 5:** List

[01:07:54] **Participant 5:** and let it go. Payments[01:08:00]

[01:08:11] **Participant 5:** maybe something like this.

[01:08:15] **Moderator:** Okay, good.

[01:08:17] **Participant 5:** And, um, we can add like a short, short text, um, like a short paragraph, maybe saying something like. Um,

[01:08:39] **Participant 5:** you going to dive into the,

[01:08:53] **Participant 5:** um, place

[01:08:59] **Participant 5:** that is so [01:09:00] vague, but I guess it can work.

[01:09:03] **Moderator:** It's enough. It's perfect. Uh, and we, yeah. Yeah. So we've done, uh, we've done like a fancy text. We've done proper text, but then, um, the document, so what's left to do is just to publish your site.

[01:09:20] **Participant 5:** Okay. Uh, can I just preview it? Yeah. It's interesting to see. Um, you can also

[01:09:26] **Moderator:** preview it after you publish it.

[01:09:29] **Participant 5:** Oh, yeah. Yeah. That's great. Let's do.

[01:09:35] **Participant 5:** Um,

[01:09:42] **Participant 5:** I'm so frustrated with the difference of the colors. I'm just gonna publish it. Uh,

[01:09:55] **Moderator:** okay. And this is the final product.[01:10:00]

[01:10:02] **Moderator:** So was that easy?

[01:10:04] **Participant 5:** Um,

[01:10:06] **Moderator:** or not exactly.

[01:10:07] **Participant 5:** I, I would say, I would say it was quite easy. It was just some things that were right in front of my eyes and I wouldn't see them for some reason, which I think it's like, it's a personality bug, not a side wise bug.

[01:10:22] **Moderator:** Alright, well that's, that's all the tasks for, for this.

[01:10:29] **Moderator:** And now we can move back to. Document and we can do pen d. This is the post test questionnaire. Mm-hmm. So what we need to do here, this is a classic system usability scale. Uh, so there are 10 statements here, and what you need to do is just to assess, uh, whether you agree or disagree with them.

[01:10:55] **Participant 5:** Okay. Um,

[01:10:57] **Moderator:** unfortunately, the connection has been lost, so you
[01:11:00] need to reshare your team view password again.

[01:11:04] **Participant 5:** Uh, you want me to reshare the,

[01:11:06] **Moderator:** uh, yeah, if you can just open team view again and just give me the, uh, send a screenshot of the password or,

[01:11:13] **Participant 5:** uh, it's the same password.

[01:11:16] **Moderator:** Is it still the same?

[01:11:17] **Participant 5:** Mm-hmm.

[01:11:18] **Moderator:** Uh, okay. I'll disconnect. Did it change now?

[01:11:22] **Participant 5:** No,

[01:11:24] **Moderator:** it's still the same.

[01:11:25] **Participant 5:** Yeah.

[01:11:26] **Moderator:** Uh, I can

[01:11:27] **Participant 5:** regenerate one.

[01:11:28] **Moderator:** Yeah. Uh, no. Can you read the password for me?

[01:11:30] **Moderator:** Uh, could you spell without for me please?

[01:11:32] **Participant 5:** Yeah, it's S one NBA four KW with lower case letters. Uh, letters.

[01:11:43] **Moderator:** Ah, okay. Perfect.

[01:11:45] **Participant 5:** You're good?

[01:11:45] **Moderator:** Yeah.

[01:11:46] **Participant 5:** Mm-hmm.

[01:11:46] **Moderator:** Yeah. Okay. So yeah, so you need to assess whether you agree or disagree with these statements, one by,

[01:11:57] **Participant 5:** okay. Um, I think that I would like to [01:12:00] use the system frequently.

[01:12:03] **Participant 5:** Mm. That really depends if I need to use it. But if I am to create a website, then I would say I would use it 'cause it's quite straightforward. Um hmm. I wouldn't say that it was complex or can I, uh, just, um. Say my thoughts out loud, or I should fill it out quietly.

[01:12:37] **Moderator:** It's up to you. Okay. It's totally up to you.

[01:12:40] **Moderator:** I mean, things, yeah. I don't find

[01:12:43] **Participant 5:** found it complex. I just found, uh, that some things can be rearranged in a way that can be easier for the viewer to navigate the themselves, but that doesn't mean it's complex. Mm. So I would say no.

[01:13:00] Yeah. It, it is really easy to use. Or no, it was very, I'm very grateful for your support and navigation, but I don't think I needed like a technical person.

[01:13:16] **Participant 5:** Maybe just people need some more time to, in order to, to see where everything is. Or at least that's me. Um, I found the various functions in the system were well integrated. Yes. I thought there was too much inconsistent. There was some inconsistency, but not much. Um, no.

[01:13:48] **Participant 5:** Yes. Mm. Cumbersome to some, I have no idea what this word means.

[01:13:57] **Moderator:** So it means like, um, [01:14:00] like difficult to do or too com too complicated and develop inefficient, basically.

[01:14:07] **Participant 5:** Okay. Um, inefficient.

[01:14:09] **Moderator:** Uh, like for example, when it involves too many steps to do a simple task, let's say.

[01:14:14] **Participant 5:** No, definitely not. I didn't feel, I didn't feel confident using it, but I.

[01:14:24] **Participant 5:** Or let's say, uh, it was just like moderate. I needed, uh, to learn a lot of things before I could get going with the system. Not a lot of things, but I needed to learn where everything is located in order to do something that doesn't need me to have to know every, where, where everything is located, if that makes any sense.

[01:14:46] **Participant 5:** I don't know, it is just, it was easier if I could see, oh, this work does this and did this work, does something else, and then go back to the one that I actually need. So I need to learn a lot of things before [01:15:00] I could get going with the system. Okay. I'm just going to go two or three. Um,

[01:15:12] **Participant 5:** I'm just gonna go with three. Um.

[01:15:24] **Participant 5:** Okay. Okay. I think I'm, yeah. Satisfied with my answers.

[01:15:28] **Moderator:** Perfect. Well I think that's pretty much it. Uh, that's for me to do, but I've already done it, uh, on my computer, so I'm just gonna merge it after that. Mm-hmm. And what's left to do is just to read, read what's on page eight. This is page,

[01:15:44] **Participant 5:** uh, I need to read it out loud.

[01:15:46] **Moderator:** No, you need to read it for yourself 'cause this is the end. Oh, okay. Well thank you very much for, for your time. It's much appreciated. Um, any final comments on, on this experience?

[01:15:59] **Participant 5:** [01:16:00] Um, I think I shared most of what I was thinking during the experience. Yeah. But it was quite, um, yeah, it was quite fun. And, um, I'm grateful for your navigation.

[01:16:13] **Moderator:** Did I manage to inspire you to start your own blog?

[01:16:17] **Participant 5:** Uh. Yes it was. Yeah, I can say this gave me some confidence to, to start say food foot health. I definitely use more AI features because I'm a technological grandma.

[01:16:32] **Moderator:** But maybe it gave you some food, foot health then.

[01:16:35] **Participant 5:** Yeah. Alright,

[01:16:38] **Moderator:** well thank you very much and I'm gonna stop the recording now.

[01:16:42] **Moderator:** This was participant five.
